

# Ten O Five Isaacs

Published by Gamma Epsilon Chapter of  
Sigma Chi Fraternity at Whitman College Walla Walla, Washington. Fall 2011

## *Alumni Weekend*

The weekend of October 1<sup>st</sup> was our alumni weekend and we welcomed back the brothers of the classes of '86, '01, and '05-'07. The Gamma Epsilon chapter had a great turn out and we spent lots of time catching up, hanging out, and sharing stories about everyone's experiences living in the house. I would like to personally thank all of the alumni who came back to visit us and would like to say that all alums are welcome to come by at any time.

## *Philanthropy*

The Sigs have spearheaded a lot of community service this semester. Our major event, a wine auction, was led by Tyler Grisdale '13; all of the proceeds were donated to Children's Wishes and Dreams of Walla Walla. We would like to thank everyone who purchased wine and helped us raise over \$2000. Along with the wine actions the Sigs have been involved in dog walking and trick-or-canning for charity.

# *Gamma Epsilon's New Pledges*

The Gamma Epsilon chapter had another successful rush period, pledging 11 new members. The new pledges are Kevin O'Leary, Zane MacPhee, Alec Scheibe, Peter Carmichael, Mitch Pascua, Jonny Chow, Joe Sims, Noah Teller, Alex Beard, Wesley Sparagon, and Nick Biehl. We look forward to seeing all of them move forward in Sigma Chi.

## *Sigma Chi competitive in Intramural Sports*

The Sigma Chi IM football team put forth a valiant effort in this year's football season making the playoffs before falling in the semi-finals. Although the Sig team was not able to win in football we have many more sports which we will have the chance to get a championship, including soccer and dodgeball.

Sigma Chi Gamma Epsilon:

- Founded 1923
- 2012 Consul: Tom Hafner '13
- Current Chapter Size: 32
- Fall 2011 Pledge Class: 11

## *Mr. Whitman comes home to Sigma Chi*

Peter Olson '12 has brought the prestigious title of Mr. Whitman Champion back to the house of Sigma Chi. The senior raised about \$4000 for the Blue Mountain Heart to Heart foundation and rocked the competition with a rousing ballet routine. Along with being crowned Mr. Whitman Champion, Peter is involved in the Interfraternal House Committee and is very active in the goings on of the house.

## *The Meaning of the $\Sigma X$ Lifestyle*

This has been my first semester living in the Sigma Chi house and I have learned a new appreciation for what it means to be a brother in Sigma Chi. Before living in I had shared a lot of time with my brothers and thought I had developed some close relationships with them. After living in the house for a semester I realize that I was not as close to them as I had thought. I have developed relationships with them, learned more about them on a deeper level through great talks and pure proximity to people. Through these experiences that I have shared with my brothers, I have learned more about them and by taking their experiences and applying them to my life, I have learned more about myself. My brothers have been hospitable and accommodating and their dedication to upholding the values of this house makes me proud to be a Sigma Chi.
