

## **IM Sports Participation Contract**

As a team captain I will:

- Ensure the sportsmanship of my teammates and myself with the goal of keeping the game fun – no verbal abuse, no excessive celebration, no confrontational behavior, etc. If a teammate is acting out of line I will talk to them at the least and remove them from the game if need be.
- Play with respect for fellow participants and ensure that my teammates do as well.
- Accept the role as liason between the IM Committee and my team and relay all information from the IM Committee on to my teammates.
- Follow all rules as laid out by the IM Committee.
- Only play with the people listed on my roster unless there are extenuating circumstances and permission is specifically requested from the opposing captain to play with an extra player.
- Notify both the opposing captain and the IM Committee at least 24 hours in advance of a scheduled game if I want to reschedule it. This is a respect issue; it isn't acceptable to bail out on a game 10 minutes before it starts. It is disrespectful to everyone involved - your fellow teammates, the opposing team, and any refs - who specifically set time aside for the game and were expecting to play. I will accept the consequences for breaking this rule as established by the IM Committee for the particular season.
- Report to the IM Committee any behavior inappropriate to IM sports that I observed or experienced. The Committee will not necessarily act upon said information, but it is very important as it allows us to keep tabs on people; maybe one minor incident isn't worrisome, but three might be. Any consequences the Committee levies will have much more accountibility if the Committee can cite past incidences.
- Accept that the IM Committee has final say in all IM matters and respect the decisions that it comes to. The Committee's ultimate goal is to provide a safe, fun, competitive environment for the student body to play sports in and any decisions we make are with that vision in mind.
