

## Dalia R. Biswas, Ph.D.

Associate Professor, Department of Chemistry, Whitman College

---

345 Boyer Ave, Walla Walla, WA 99362

Phone: (509)-527-5953, Fax: (509)-527-5904, Email: [rokhsad@whitman.edu](mailto:rokhsad@whitman.edu)

### Education and Academic Positions

Associate Professor, Department of Chemistry, Whitman College (2017-present)

Assistant Professor, Department of Chemistry, Whitman College (2011-17)

Visiting Assistant Professor, Department of Chemistry, Whitman College (2010-11)

Postdoctoral Research Associate, Montana State University, Bozeman, MT (2005-10)

Ph.D. in Inorganic Chemistry, The University of Montana, Missoula, MT (2000-05)

B. Sc. (Honors) in Chemistry, Jahangirnagar University, Dhaka, Bangladesh (1994-98)

### Honors and Awards

Suzanne L. Martin Award for Excellence in Mentoring, Whitman College, 2017-18

Outstanding Foreign Student Award, The University of Montana, 2005

Diversity Student Achievement Award, The University of Montana, 2005

Bertha Morton Scholarship for outstanding graduate student, The University of Montana, 2002

Lola Walsh Anacker Scholarship for outstanding female graduate student, Department of Chemistry, The University of Montana, 2002

### Teaching Experience

*Whitman College, Walla Walla, Washington (2010-present)*

- General Chemistry (CHEM-125/126), Advanced General Chemistry (CHEM-140), Organic Chemistry Laboratory I and II (CHEM-251/252), Computational Chemistry (CHEM-275), Inorganic Chemistry (CHEM-360), Advanced Synthesis (CHEM-370), Biochemistry (BBMB-325), and Computational Biochemistry (CHEM-425)

*Montana State University, Bozeman, Montana, 2007-10*

- Supervising REU and undergraduate students on protein expression, purification, and characterization via different spectroscopic techniques, 2007-10
- Introduction to Organic and Biochemistry (CHMY-123, Spring 2010)
- Principles of Biochemistry (BCHM-340, Summer 2009)

*Teaching Assistant at The University of Montana, Missoula, MT, 2000-05*

- General and Inorganic Chemistry, Organic and Biochemistry, Organic Chemistry (200 level) and Inorganic Chemistry lab (400 level)

### Research Experience

*Max Planck Institute for Chemical Energy Conversion, Germany (Feb-May, 2014)*

- QM/MM model development and implementation on CODH enzyme  
Collaborators: Dr. Marius Retegan and Prof. Frank Neese.

*Montana State University, Bozeman, MT (2005-10)*

- Worked on the active site modeling of Cu-protein using QM method
- Experience in protein expression and purification and in its characterization via different spectroscopic techniques (XAS, UV/VIS, CD/MCD, EPR)

*The University of Montana, Missoula, MT (2000-05)*

- Experience in organometallic synthesis, inert atmosphere glove box, cyclic voltammetry, various spectroscopic techniques (NMR, UV/VIS and FTIR)
- Worked on the electronic structure of organometallic systems using DFT calculations

### **Professional Association**

- American Chemical Society (ACS)
- Society of Biological Inorganic Chemistry (SBIC)
- American Association of University Professor (AAUP)

### **Reviewer**

- Analytical biochemistry
- ASME International Mechanical Engineering Congress and Exposition
- Journal of Cluster Science
- Protein Science
- National Science Foundation Grants

### **Committee Served**

- Curriculum Committee (2017-2020)
  - Chair of Curriculum Committee 2019-20
- Student Life Committee (Jan-May, 2012)
- Office of Off-campus Studies (2011-2013)
- Scholars at Risk (2018-19)

### **Funded Research**

- Dalia R. Biswas, Principal Investigator, National Science Foundation “Study of Small Molecule Activation by Molybdenum Enzymes using QM and QM/MM Methods, \$188,386 (Sept.1, 2018 – Aug. 31, 2021).
- Robert Norton Summer Research Award with Lindsay Farr (\$5,540), Whitman College, Summer 2019. “Developing Computational Models for Molybdenum-Enzyme”
- Louis B. Perry Student-Faculty Research Award with Laurinda Nyarko (\$7500), Whitman College, Summer 2018. “Inorganic Model Complexes Potential for Hydrogen Gas Production”.
- Louis B. Perry Student-Faculty Research Award with Laurinda Nyarko (\$3500), Whitman College, Summer 2017. “Study of Bioinspired Metal Complexes using Computational and Synthetic Approaches”.
- Co-PI on a RUI National Science Foundation Grant: Tim Machonkin, Doug Juers, and Dalia Rokhsana, The Sources of Substrate Specificity in Hydroquinone Dioxygenases, \$385,400 (Sept.1, 2015 – Aug. 31, 2018)
- Principal Investigator, Murdock College Research Program for Natural Sciences (\$59,600 plus \$14,400 matching funds from Whitman College), March 2015 "Realistic computational and synthetic models for structure/function studies of Mo-Cu containing carbon monoxide dehydrogenase"
- Louis B. Perry Student-Faculty Research Award with Morgan Dienst and Jacob O’Conner (\$8500), Whitman College, June 2014. “QM/MM Investigation of Mo-Containing Carbon Monoxide Dehydrogenase”
- Whitman Internship Grant for Peter Carmichael (\$2500), Whitman College, June 2014, Investigation of a bacterial enzyme (PcpA) using QM and QM/MM methods.
- Louis B. Perry Student-Faculty Summer Research Award with Morgan Dienst, and Daniel Ellis (\$8,500), Whitman College, 2013. “Computational Modeling and Biomimetic Synthesis of the Active Site of Carbon Monoxide Dehydrogenase”
- Robert Norton Science Summer Research Award for Tao Large (\$3,000), Whitman College, June 2013, “Computational Modeling and Biomimetic Synthesis of the Active Site of Carbon Monoxide Dehydrogenase”

## Dalia R. Biswas, Ph.D.

Associate Professor, Department of Chemistry, Whitman College

---

- Louis B. Perry Student-Faculty Research Award (\$8500) with Morgan Dienst, Whitman College, June 2012. “Computational Modeling and Biomimetic Synthesis of the Active Site of Carbon Monoxide Dehydrogenase”
- HHMI Student-Faculty Research Award (\$5000) with Daniel Ellis and Gus Friedman, Whitman College, June 2012. “Computational Modeling and Biomimetic Synthesis of the Active Site of Carbon Monoxide Dehydrogenase”

### Invited Presentations

1. Rokhsana, D. Computational Studies of CO Dehydrogenase: Insights from QM and QM/MM simulations, Gonzaga University, Spokane, WA (April, **2016**).
2. Rokhsana, D.; Large, T.; Dienst, M.; Retegan, M.; Neese, F. Carbon Monoxide dehydrogenase with a unique Mo-Cu center: Structural insights from QM and QM/MM models, 69<sup>th</sup> Northwest Regional American Chemical Society Meeting, Missoula, Montana (June **2014**).
3. Rokhsana, D. Computational approach for evaluating the active site structure of metalloenzymes: Key consideration in modeling, Jahangirnagar University, Dhaka, Bangladesh (3 August, **2011**).
4. Rokhsana, D. "In silico modeling of the active site structures of Cu-proteins: What are the key elements?" organized by the Center for Biomolecular Structure and Dynamics, The University of Montana, Missoula, MT (October **2009**).

### Presentations

1. Biswas, D.R.; Brown, M.; Twomey, L.; Retegan, M.; Neese, F. Activation of CO by carbon monoxide dehydrogenase using QM methods (poster), International Conference on Biological Inorganic Chemistry (ICBIC-19), August 11-16, **2019**, Interlaken, Switzerland.
2. Rokhsana, D. CO Dehydrogenase: Structure-function studies from computational Simulation, Volcano Conference, March 3, **2017**, Pack Forest, WA.

## Dalia R. Biswas, Ph.D.

Associate Professor, Department of Chemistry, Whitman College

---

- Rokhsana, D.; Large, T.; Dienst, M.; Retegan, M.; Neese, F. Study of water splitting at the Mo-Cu center of carbon monoxide dehydrogenase using realistic *in silico* models (oral), International Chemical Congress of the Pacific Basin Societies (PacifiChem), December 15-20, **2015**, Honolulu, HI.
- Rokhsana, D.; Large, T.; Dienst, M.; Retegan, M.; Neese, F. Study of molybdenum-containing carbon monoxide dehydrogenase using QM and QM/MM methods, (oral) American Chemical Society National Meeting, August **2014**, San Francisco, CA.
- Rokhsana, D.; Large, T.; Dienst, M. Computational Understanding of the active site of Molybdenum containing Carbon Monoxide Dehydrogenase (poster) International Conference on Biological Inorganic Chemistry, July **2013**, Grenoble, France.
- Rokhsana, D.; Dooley, D. M.; Szilagyi, R. K. "Spectroscopic and theoretical investigations of the role of Tyr-Cys crosslink in galactose oxidase" (Poster) Symposium on Advance Biological Inorganic Chemistry, November **2009**, Mumbai, India.
- Rokhsana, D.; Dooley, D. M.; Szilagyi, R. K. "Impact of the Tyr-Cys crosslink and the outer-sphere residues on the structures for the catalytic site in galactose oxidase" (poster), American Chemical Society National Meeting, March **2009**, Salt Lake City, UT.
- Rokhsana, D.; Dooley, D. M.; Szilagyi, R. K. Impact of the Tyr-Cys crosslink and the outer-sphere residues on the structures for the catalytic site in galactose oxidase (poster), Metals in Biology, January **2009**, Ventura, CA.
- Rokhsana, D.; Dooley, D. M.; Szilagyi, R. K. Systematic development of computational models for the catalytic site in galactose oxidase: impact of outer-sphere residues on the geometric and electronic structures (poster), International Symposium of Bio-Organometallic Chemistry, July **2008**, Missoula, MT.
- Rokhsana, D.; Dooley, D. M.; Szilagyi, R. K. Structure of the oxidized active site of galactose oxidase from realistic *in silico* models (Oral), ACS Montana Section meeting, April **2007**, Butte, MT.
- Rokhsana, D.; Rosenberg, E. Spectroscopic investigation of the chemically reduced 4-quinoline carboxaldehyde triosmium clusters, 58<sup>th</sup> ACS Northwest Regional Meeting, June **2003**, Bozeman, MT
- Rokhsana, D.; Rosenberg, E.; Nervi, C.; Hardcastle, K. I. Spectroscopic studies of triosmium benzoheterocycle radical anions (oral) 57<sup>th</sup> ACS Northwest Regional Meeting, June **2002**, Spokane, WA.
- Rokhsana, D.; Rosenberg, E.; Nervi, C.; Hardcastle, K. I. Spectroscopic studies of triosmium benzoheterocycle radical anions (oral) ACS Montana Section meeting, April **2002**, Butte, MT.
- Rokhsana, D.; Rosenberg, E. Heterocyclic ligand cleavage of electron deficient benzoheterocycle triosmium clusters (poster) 56<sup>th</sup> ACS Northwest Regional Meeting, June **2001**, Seattle, WA
- Rokhsana, D.; Rosenberg, E. Heterocyclic ligand cleavage of electron deficient benzoheterocycle triosmium clusters (oral), ACS Montana Section meeting, April **2001**, Butte, MT

### Service to the College and Community

- Served as an academic adviser for the Muslim Student Association, 2011-2019.
- Serve as an academic adviser for the South Asian Student Association, 2018-present.
- Advise minority students (FGWC, students of color or international students) actively.
- Participated as a Science Fair Judge at Whitman College for middle school students, April 2012
- Ran two-hour workshop on "3D visualization of molecules" for 7<sup>th</sup> and 8<sup>th</sup> grader from Walla Walla public schools organized by the Whitman Institute for Summer Enrichment (WISE) program, August 2012.
- Participated as a Science Fair Judge at the Whitman Science Fair for middle school students, March 2013.

- Organized hands-on science activities at Green Park Elementary School, Walla Walla, March 2013.
- Ran two one-hour computational workshops for 8<sup>th</sup> graders from Pioneer Middle School, organized by Mary Burt, June 2013
- Participated in a discussion session with: 1) 15 students of color at Glover Alston Center, Fall 2014, 2) First Generation Working Class students who are interested in the Sciences, Fall 2014 and 3) International students about classroom culture during first year orientation, August, 2015.
- Served as a faculty panelist with four minority students in Science and Race Panel, Power and Privilege Symposium, Spring 2015.
- Search committees: Three Chemistry Tenure track (2011, 2014, 2017), four Chemistry visiting faculty (2011-2016), Assistant Director for Intercultural Center (Spring 2015), International Student Adviser (Spring 2015), and The Vice President of Student Affairs and Dean of Students (2016-2017).
- Search Chair for Physical Chemistry tenure-track position (2017).
- Participated in discussion about classroom culture at an International Student Orientation Camp, August, 2015
- Presided a bioinorganic session with Prof. Denyce Wicht (Suffolk University) at the ACS National Meeting, Boston, MA, August 18, 2015.
- Met with several Tenure track candidates in Computer Science, Fall 2015.
- Participated in Faculty Technology Showcase at Whitman College “Title: *High Performance Computing*”, Nov. 2, 2015.
- Delivered talk for Women’s History month, Walla Walla Community College, March 2016
- Met with Tenure track candidates in Physics and Biology, Fall 2019
