Class of 2013,

As we reach the home stretch of our time spent at Whitman, this is an opportunity to consider those who have helped us get here: parents, professors, mentors, friends, etc. Surely none of us have made it this far without a bit of help. Each of us has a significant person who has opened doors for us.

Consider the possibility of opening doors for others. Many of Whitman’s most influential students have needed some kind of financial assistance to make their education possible. Through the Senior Class Fund, the class of 2013 can work together to return something to a school which has given us so much.

Unless otherwise specified by the donor, 100% of what you donate goes towards the Senior Fund Scholarship.

Please take a moment and appreciate how far we have come in raising funds and, if you haven’t yet, consider donating via your contingency deposit, cash, check or credit card.

We fall about $500 short of last year’s total, but exceed that of every other year.

For more information on the Senior Fund, please visit www.whitman.edu/giving/senior-fund
