

WHITMAN COLLEGE

Class of 1970 Scholarship Endowment

Whitman is increasing its commitment to student scholarships, and we ask for your partnership to sustain and build on our progress.

Whitman is committed to increasing the diversity of our student body and improving our ability to meet the financial need of all admitted students. Each year many of our alumni, parents, and friends make an INVESTMENT in the future of our students by supporting scholarship endowment.

The Class of 1970 set up a new scholarship endowment at their 25th reunion. Recognizing the power of cumulative giving over the years, the class continued to grow this endowment at their 40th reunion celebration.

Since its establishment, the Class of 1970 Scholarship Endowment has increased in value to \$285,500. Slightly more than \$13,000 was available from this endowment for scholarships in the 2019–20 academic year.

SCHOLARSHIP: YOUR PARTNERSHIP IS KEY

We must make a Whitman education more accessible to talented and committed students from a variety of backgrounds.

More than 77 percent of Whitman students receive scholarship support, with an average scholarship award of \$33,462. In recent years, Whitman has steadily increased the total amount of financial aid being offered to students in the incoming class. In the last four years, we've increased our scholarship commitment by 34%.

You play a key role in making the aspirations of our current and future students possible through a gift to the Class of 1970 Scholarship Endowment.
