CHAPTER I

The Faculty

Article I. Composition of the Faculty

Section 1. The Faculty

The Faculty shall consist of the President of the College and the members of the instructional staff who hold the title of Dean, Professor, Associate Professor, Assistant Professor, Professor, or Non-tenured Senior Lecturer and Senior Adjunct Assistant Professor.

A. Any administrative officers shall also be deemed members of the Faculty.

B. Professorial rank as used hereafter is to mean the rank of Assistant Professor, Associate Professor, and Professor.

C. The instructional staff includes all individuals having classroom teaching responsibilities.

D. Visiting Professors, Lecturers, and other members of the instructional staff, with the exception of assistants, and non-teaching Whitman staff members invited by the president to attend specific Faculty meetings, shall have the privilege of sitting with the Faculty, but shall be entitled to vote only in special cases as noted in Ch. I, Art. I., Sec. II (Charter, Sec. 4, and Const., Art. V, Sec. 1 and 2). (11-30-2011)

E. The term "teaching member of the Faculty" used in matters such as the election and appointment to Faculty positions, is defined to include all full and part-time members of the Faculty eligible for tenure, (see Ch. I, Art. III, Sec. 3).

F. Part-time faculty members who are full-time employees of the College will be considered "teaching members of the Faculty" upon individual decision by the President at the time of initial appointment or reappointment if they meet the provisions of the following guidelines:

1. At least 50 percent of the appointee's time is devoted to teaching.

2. The individual is professionally prepared for a full-time teaching assignment on the Whitman College faculty.

3. The individual is granted regular faculty status with the rank of Professor, Associate Professor, Assistant Professor, or Instructor.

4. The teaching portion of the employment obligation is considered a permanent one.

G. Excluded from the provisions of Ch. I, Art., I., Sec. 1E and the guidelines pertaining thereto are those members of the college staff whose appointment or
contract assigns them primarily to administrative positions (for example, the President, the Deans, the Registrar, etc.) whether or not they teach one or more courses.

H. Members of the instructional staff who have taught GENS 145/146/245 at least 6 of the past 10 semesters (inclusive of the current academic year) may vote with the Faculty on Encounters theme changes. (11-30-2011)
Article II. Search Procedures

Specific guidelines for conducting tenure-track searches can be found on the Provost/DOF CLEo site.

Section 1. Screening of Applicants

A. Members of the Committee of Division Chairs may not chair a search committee unless no other tenure-track member of the hiring department is available to serve in that role. (5/21/04).

B. Every search shall include substantial participation from students. The search committee shall determine, early in its proceedings, the particulars of how students will be involved in the process. At a minimum, three students shall be involved. They should, again at a minimum, attend the public presentations and see the candidate’s c.v. and cover letter. (11/20/02).

Section 2. Campus Interviews (11/20/02)

A. Candidates spend at least a full day on campus during which they:
   1. meet every member of the department and search committee.
   2. are interviewed by the Provost and Dean of the Faculty and the President.
   3. (The chair of the search committee should make clear to candidates in advance the nature of the presentation(s) they are expected to give.)

Section 3. Selection and Notification (11/20/02)

A. After interviews on campus have been completed, the search committee consults with faculty and students who observed the candidates and, with careful consideration of the input from students involved in the search process, makes a decision on which candidate to recommend to the Provost and Dean of the Faculty for appointment. The student input gathered from the search process shall be forwarded to the Provost and Dean of the Faculty with the folders and preference list. This student input will take either the form of a single statement from a student committee or memos from individual students.

B. In unusual circumstances, a hire for a second tenure-track position in a department may be made during the same academic year from a pool for a single tenure-track position. The extension of an offer to a candidate for the second position will only be permitted after securing the unanimous consent of all members of:
   1. the search committee for the original position, excluding the person to be replaced,
   2. the Committee of Division Chairs,
   3. the Provost and Dean of the Faculty, and
4. the President.

The student input for a second position will take one of the forms valid for the first position.

C. Under no circumstances shall a second tenure-track hire be made in subsequent years without a new national search. (5/12/04)
Article III. Appointment and Removal of Faculty Members

Section 1. Initial Appointments

A. The Board of Trustees shall have the power to appoint and remove the President of the College, the Professors, Tutors, Teachers, and any other necessary Agents and Officers, and may fix the compensation of each. (Charter, Sec. 4.)

B. All appointments to the teaching faculty of Whitman College shall be made by the Board of Trustees on recommendation of the President of the College. (Const., By-Laws, Art. V, Sec. 1.)

C. The Trustees, Overseers, Faculty, and Officers of instruction and administration shall sign the Roll of Official Records of Trustees, Overseers, Faculty, and Officers of Instruction and Administration, and shall subscribe to the following declaration:

In signing this Roll, I accept the position written in against my name, to which I have been elected by the constituted authorities of Whitman College. I hereby declare my intention of fulfilling the duties thereof, and of supporting faithfully the Constitution, By-Laws, and regulations of Whitman College. (Const., Art. XI.)

Section 2. The Length of Appointments

A. The initial appointment of a person as a member of the Faculty at the non-professorial ranks shall be for a term of one academic year. (Const., By-Laws, Art. V, Sec. 3).

B. Initial appointments at the rank of Assistant Professor, Associate Professor, or Professor shall always be for a term of three academic years, as provided in the Constitution (By-Laws, Art. V, Sec. 2). Upon expiration of the initial three-year term, appointments at these professorial ranks are renewable, subject to the tenure decision in the case of Professor, and to the provisions of the Constitution (By-Laws, Art. V, Sec. 2) for all three ranks.

C. Temporary appointments to the Faculty that result from a regular search process cannot be held for more than five years.

Section 3. Tenure

A. Except in the case of initial appointment to the Faculty, all appointments at the rank of Professor shall be for indefinite tenure. Indefinite tenure means that the appointment shall not run for a fixed term or period and shall be terminable only as hereinafter provided. (Const., By-Laws, Art. V, Sec. 5.)

B. Persons holding the rank of Associate Professor, Assistant Professor, and Instructor may be given indefinite tenure by special vote of the Board of Trustees at any time but, any such who have not been given indefinite tenure at the beginning of their 7th year of service, shall at that time be notified in writing whether they will be given indefinite tenure at the beginning of their seventh year of service.
Chapter 1  The Faculty

In the event that indefinite tenure be not given, such persons shall be entitled to a 7th year of service but shall not be continued in the service of the College beyond the end of their 7th year. (Const., By-Laws, Art. V, Sec. 6.)

C. No tenure regulations shall apply to part-time members of the instructional staff regardless of title, unless the following guidelines pertain:

1. At least 50 percent of the appointment is devoted to teaching.

2. The individual is professionally prepared for a full-time teaching assignment on the Faculty.

3. The individual holds regular faculty rank of Professor, Associate Professor, Assistant Professor, or Instructor.

4. The teaching portion of the position is considered a permanent one.

5. Tenure for such part-time member of the instructional staff shall be half-time tenure.

D. Nor shall tenure regulations apply to any person not holding the title of Professor, Associate Professor, Assistant Professor, or Instructor. (Const., By-Laws, Art. V, Sec. 9.)

Section 4. Causes for Dismissal (05/08/2013)

Dismissal of a member of the Faculty may be effected for any of the following reasons:

A. Adequate cause. Adequate cause for dismissal will be related, directly and substantially, to the fitness of faculty members in their professional capacities. Dismissal will not be used to restrain faculty members in their exercise of academic freedom or other rights of American citizens.

Adequate cause for dismissal may be found to exist in the following categories:

1. Failure of a faculty member, after written notification by the Provost and Dean of the Faculty, to correct sustained conduct which significantly harms the ability of other faculty members, staff members or students to take full advantage of the College’s educational or employment opportunities, or impedes that person’s ability to study, learn or work.

2. Severe violation of the code of conduct as expressed in the Whitman College Grievance Policy.

3. Failure to perform teaching responsibilities expected of all Whitman faculty members.
4. Failure to adhere to professional ethics expected of all members of the faculty, as outlined in the American Association of University Professors Statement on Professional Ethics, discipline specific scholarly and ethical standards, or Whitman College’s Statement on Academic Dishonesty and Plagiarism.

B. Discontinuance of a department or program. Departments and programs shall be discontinued by the Faculty, on recommendation of the Curriculum Committee (Chapter 1, Article VIII, Sec. 9.A), and such discontinuance may be grounds for dismissal.

C. Financial exigency. As used herein, a financial exigency is a severe financial crisis that threatens the academic mission of the institution as a whole. Dismissal of a faculty member may occur for a demonstrably bona fide financial exigency that cannot be alleviated by less drastic means.

Section 5. Procedures for Dismissal (05/08/2013)

A. In cases of suspected conduct or actions as described in Secs. 4.A.1 or 4.A.2, the procedure described in the Whitman College Grievance Policy will be followed. If the Grievance Panel for Faculty upholds the recommended finding that the policy has been violated using a preponderance of evidence standard, and the potential sanctions include dismissal for adequate cause, dismissal proceedings will be conducted as described in Sec. 5.B, below. While potential dismissal proceedings are underway, the faculty member may be suspended.

B. In every case of potential dismissal, as defined in Sec. 4 above, the procedure as described in the most recent American Association of University Professors Recommended Institutional Regulations on Academic Freedom and Tenure in Sections 4-7 (or if renumbered, the Sections concerning Dismissal Procedures) shall be followed.

1. In cases of adequate cause, the informal inquiry will be conducted by a gender-balanced committee of four members, whose makeup will consist of the three Division Chairs plus a fourth member. The fourth member will be the Division Chair of the appropriate gender whose term has most recently expired. If necessary, in order to account for possible recusal due to an appearance of impropriety, and to ensure gender balance, the informal inquiry committee will be modified by either removing the appropriate least-senior member of the committee, and/or adding previous Division Chairs of the appropriate gender whose terms have most recently expired.

The hearing will be conducted by a gender-balanced committee of six members, whose makeup will consist of the Faculty Personnel Committee. If necessary, in order to account for possible recusal due to an appearance of
impropriety, and to ensure gender balance, the hearing committee will be modified by either removing the appropriate least-senior members of the committee, and/or adding previous members of the Faculty Personnel Committee of the appropriate gender whose terms have most recently expired.

The hearing committee must be clearly convinced by the evidence in order to find that there is adequate cause for dismissal.

2. In cases of discontinuance of a department or program, every effort will be made to place the faculty member concerned in another suitable position. A faculty member may appeal a proposed relocation or termination resulting from a discontinuance, and has a right to a full hearing before the Faculty Personnel Committee.

3. In cases of financial exigency, a committee consisting of the Chair of the Faculty and the Division Chairs will participate in the decision that a condition of financial exigency exists or is imminent, and will ensure that all feasible alternatives to termination of appointments have been pursued. If needed, this committee will then identify individuals whose appointments are to be terminated. The Faculty Personnel Committee will serve as a hearing committee, if a hearing is requested.

C. The dismissal of a tenured faculty member requires final approval by the Board of Trustees.

D. If it is determined that dismissal for adequate cause, as defined in Sec. 4.A, is not warranted, other sanctions may be imposed. These sanctions may include: oral or written reprimand, transfer to a different area or other work restrictions, counseling, required training, probation, suspension, demotion, reduction in pay, or restitution.

E. The appeal process for cases of dismissal are described in the American Association of University Professors Recommended Institutional Regulations on Academic Freedom and Tenure.

Section 6. Procedures for Evaluation

A. The President and the Provost and Dean of the Faculty, in consultation with the Faculty, shall disseminate a statement of faculty evaluation policy and procedure in the Faculty Handbook.

B. In the course of making decisions concerning advancement in rank, contract renewal, and tenure appointments, the President shall consult with the Provost and Dean of the Faculty and the Faculty Personnel Committee (described in Ch. I, Art. IV, Sec 1).
C. A Faculty member who has been the subject of such evaluation proceedings may request, within two weeks after he or she is notified in writing of the results, that the Provost and Dean of the Faculty appoint a review committee to determine whether the decision was the result of adequate consideration in terms of the relevant standards of Whitman College as expressed in the current procedures and criteria for evaluation.

The current statement of faculty evaluation policy and procedures shall provide for the selection of the review committee. If the review committee finds that reconsideration would be appropriate, the case shall be returned to the original evaluation committee for reconsideration.

Section 7. Retirement

The Board of Trustees shall have authority to terminate by retirement the appointment of any Faculty member who by reason of mental or physical disability has become unable to perform the duties for which he or she was appointed. (Const., By-Laws, Art. V, Sec.7.)

Early and phased retirement are available as options as approved by the Board of Trustees.

Upon retirement, all faculty in good standing will be given Emeritus status following the recommendation of the Division Chairs Committee and President and upon approval by the Board of Trustees.

Section 8. Leaves of Absence for Non-Tenured Faculty

A member of the Faculty who does not have tenure and who requests a leave of absence may be granted a leave of absence subject to the condition that he or she is under no obligation to return to the College and that the College is under no obligation to hold the position open for him or her but that by mutual agreement he or she may return.
Article IV. Personnel Guidelines

Section 1. Membership of Personnel Committee

A. Any serving member of the Committee who wishes to apply for promotion during his or her term of service on the Committee will be replaced for the academic year in which his or her case was being considered. (3/05/08)

Section 2. Guidelines for Times in Rank (4/20/05)

A. The following periods of time in rank constitute a norm for consideration of promotion rather than a fixed period of time.

1. From assistant professor to associate professor: at time of tenure decision.
2. From associate professor to professor: eight years.
3. From a previous negative decision to promote: two years strongly recommended.

A recommendation for promotions will be based upon positive accomplishments, not merely upon time served and an absence of serious deficiencies. Account may be taken of time in rank at another institution, but not necessarily on a year-for-year basis.

Any tenure-track member of the faculty, regardless of length of time in rank, may request of the Provost and Dean of Faculty that he or she may be evaluated for promotion to the next rank. He or she may also be nominated for such consideration by his or her department chair, division chair, the Provost and Dean of the Faculty, or the President.

Section 3. Informal Review of Untenured Tenure-Track Faculty (04/20/2011) (First informal reviews during the 2011-2012 academic year)

A. An informal review of untenured tenure-track faculty during each of their initial three-year contracts.

Like the present Personnel Committee review conducted during the first semester of the third year of an initial three-year contract, this review will involve a conscientious assessment of the candidate’s teaching, scholarship, and service. Unlike the review conducted by the Personnel Committee, however, this review will be purely advisory and diagnostic in nature.

Early in the first semester of the second year of an initial three-year contract, the Associate Dean for Faculty Development (ADFD) will provide an explanation of the process and purpose of this informal review to the candidate. In consultation with the candidate, the ADFD will identify at least two tenured faculty members, at least one of whom is a member of the candidate’s department, who will each visit a minimum of two class sessions taught by the faculty member under review. In addition, the ADFD and the faculty member under review will discuss and come to agreement about what other materials will best serve the purposes of this review. Although none of the following is required, possible materials
might include a current curriculum vitae, course syllabi and/or other appropriate pedagogical materials, student evaluations, annual activity reports, evidence of professional activity, and assessments submitted by members outside the candidate’s department. These materials will also be reviewed by the tenured faculty members participating in this process.

Toward the conclusion of the fall semester of the second year of an initial three-year contract, after consulting with the faculty members who participated in the review, the ADFD will convene a meeting with the candidate in order to communicate the substance of the completed review to the candidate. At the discretion of the candidate, an appropriate third-party observer of the candidate’s choosing (e.g., mentor, departmental colleague, or division chair) may attend this meeting as well. Following that meeting, the ADFD will compose a summary of the review in the form of a confidential letter sent to the candidate, including specific recommendations for improved performance in light of the formal criteria of evaluation outlined in the Faculty Handbook, as well as any response the candidate may voice to these recommendations. The ADFD will retain a copy of this letter in confidence for reference during the second informal review. The candidate may choose to address specific aspects of this letter in preparing third-year contract renewal materials for the Personnel Committee, but is neither expected nor required to do so.

B. To institute an additional informal review in the second semester of the fourth year of employment in order to provide timely feedback in anticipation of the tenure review, which is typically conducted in the first semester of the sixth year of employment.

1. The second informal review will follow the same procedures as the first informal review. In preparing the second informal review letter, the Associate Dean for Faculty Development will consult the candidate’s prior informal review letter.

Section 4. Criteria for Evaluation (4/13/09)

A. The following are the specific criteria the Personnel Committee will use in the evaluation process. More generally, the Committee will also try to assess the overall value of the candidate’s contributions to Whitman’s mission as an undergraduate, residential, liberal arts college.

1. Excellence in Teaching

Excellence in teaching is the most important criterion for faculty excellence, necessary but not in itself sufficient for retention and advancement. Whitman faculty members must continually strive for excellence in teaching. Excellence in teaching should be consistently apparent with successive appointments and be clearly evident at such key points as the granting of tenure and promotion to the rank of professor. The Personnel Committee will be guided by high standards of evaluation in this category, while simultaneously recognizing that diverse pedagogical approaches can result in excellent teaching.
All of the following items are essential to meet the criterion:

a. Scholarly competence and familiarity with current developments in one’s field;

b. Thorough course planning and preparation for individual classroom, laboratory, and/or studio sessions;

c. Effective pedagogical techniques, which may include lecture presentations, discussion leadership, laboratory instruction and tutorial guidance;

d. Thorough, fair and timely review and evaluation of student work;

e. Availability to and effective guidance of students, particularly to those assigned as advisees, enrolled in one’s classes, and/or with whom the candidate collaborates on research activities.

In evaluating the candidate’s achievements with respect to these items, the Personnel Committee will consider the candidate’s written statement, peer and student evaluations, and the quality of course materials. Contributions to General Studies 145/146/245, along with course development and interdisciplinary teaching are valued and meritorious aspects of teaching. In reviewing student evaluations of teaching, the committee pays particular attention to patterns in student responses. Pre-major and major academic advising will be expected to reflect excellence, as will other non-classroom work related to student learning, such as supervision of independent studies, senior thesis work, and independent research with students.

2. Excellence in Professional Activity

The COACHE Committee recommends that academic departments be required and interdisciplinary programs be invited, to develop and submit to the Committee of Division Chairs scholarship guidelines that are appropriate to specific areas of academic inquiry. (5/5/2010; amended 2/26/2014)

It is our belief that such guidelines may be useful for several audiences and for several purposes:

a. They may be of assistance to candidates for contract renewal, tenure, and promotion by helping them appreciate what is involved in fulfilling the criteria in the Faculty Handbook under the heading of “Excellence in Professional Activity” (see below).

b. They may be of assistance to those writing letters on behalf of candidates, especially with respect to assessments of professional activity.

c. They may offer guidance to the Personnel Committee as it reviews materials submitted by candidates for contract renewal, tenure, and promotion.

Preparation and Submission of Guidelines
a. Statements of discipline-specific scholarship guidelines are to be understood as resources for the audiences indicated above. As such, they are neither to replace nor to modify in any way the criteria of evaluation indicated in the Faculty Handbook.

b. Statements should be no longer than three single-space pages.

c. Statements should be prepared by department chairs in consultation with all tenure-track and tenured members of any given department.

d. To the extent appropriate, statements should address each of the forms of professional activity listed in the Faculty Handbook, and, where possible, indicate what types of accomplishment are generally considered appropriate at the time of review for tenure and promotion to the rank of professor.

e. Statements should seek to clarify questions whose answers might not otherwise be evident to persons outside a given discipline (e.g., how the order in which the names of authors appear in a publication is to be understood; what qualifies as peer-reviewed publication or noteworthy exhibition in different areas; what conferences involve competitive bids to participate; the status of grants; etc.)

f. Departments and interdisciplinary programs are welcome to revise their guidelines and submit a modified version for review at any time. They are advised to review their guidelines whenever one or more new tenure-track members join a department or interdisciplinary program. Finally, discipline-specific guidelines must be reviewed and, if appropriate, updated by departments and interdisciplinary programs every five years. These required reviews will occur on a staggered schedule so that, in every five year cycle, the departments and programs in one division will be reviewed in the first year; those in another division in the third year; and those in the remaining division in the fifth year.

g. Each set of guidelines will be reviewed by the Faculty Personnel Committee and, if appropriate, returned with a request for clarification or reformulation.

Professional activity and growth ranks second to excellence in teaching in the evaluation of faculty. Progress in professional activity should be consistently apparent with successive appointments. Research and writing that appears in peer-reviewed publications, noteworthy performances or exhibitions, or other appropriate peer-reviewed professional activities in the candidate’s field(s) of study are necessary at such key points as the granting of tenure and promotion to the rank of professor. The Personnel Committee will evaluate scholarly or creative work deemed to be professionally appropriate to each candidate’s field, recognizing the variety of possible forms. (10/07/09)

Several modes of professional activity are considered in the evaluation of professional activity, but the most important mode is evidence of the
candidate’s engagement in the intellectual life of his/her field of study beyond the boundaries of the campus community.

While all items on the list below are valuable, the first is necessary:

a. Research and writing that appear in peer-reviewed publications, noteworthy performances or exhibitions, or other appropriate peer-reviewed professional activities in the candidate’s field(s) of study. External reviews by recognized experts in the candidate’s discipline of productions or exhibits occurring at Whitman shall qualify as peer-reviewed measures of professional activity;

b. Peer-reviewed publication in related areas, including but not limited to, matters of pedagogy and curricular design;

c. Non-peer reviewed publications and professional activity as defined in (a) and (b) above;

d. Active involvement in professional organizations;

e. Participation in professional meetings and conferences, including presentations made with student co-authors;

f. The writing and submission of proposals for external grants.

The Personnel Committee will also consider activities, such as the development of new areas of expertise in the discipline, that may not bring the candidate into the larger intellectual dialogue of his or her field, as well as interdisciplinary professional activities. The judgment of the Committee will not be based solely on the quantity of the candidate’s professional activity, but also will consider its quality, breadth, and contributions to the candidate’s teaching and the mission of the College. The Personnel Committee will consider the candidate’s written statement, letters from the candidate’s peers both within and without the College, and direct examples of the candidate’s professional activity.

3. Service to the College

Service to the College outside of classroom-related activities and professional activity is essential in a small liberal arts college if programs of the College are to develop, and the College is to be well governed. While evidence of service to the college is expected of all candidates applying for tenure and promotion, non-tenured members of the faculty should concentrate on developing their records as teacher/scholars.

Evidence of conscientious college service should be clearly apparent at such key points as the granting of tenure and promotion. Significant contributions to college service, as defined below, are expected for promotion to the rank of professor.
The Personnel Committee will consider the quality and quantity of the candidate's college service, including

a. Service on college committees and in faculty governance;

b. Contributions to departmental, interdisciplinary and/or divisional activities;

c. Initiation of programs that strengthen the capacity of the College to fulfill its mission;

d. Assistance in other important collegiate activities, such as student recruiting and alumni affairs;

e. Contributions to student life;

f. Efforts to enhance the diversity, broadly defined, of the College.

g. Participation as a mentor in the college faculty mentoring program and/or other mentoring activities. (05/05/10)

Community service, while not a substitute for college service, will also be considered if deemed appropriate by the Committee.

Section 5. Collection of Information

The primary responsibility for the collection of information lies with the candidate. Specific requirements for the preparation of these materials are available on the Provost and Dean of Faculty web site at: http://www.whitman.edu/offices-and-services/provost/guidelines-and-procedures.

A. In addition to those letters requested by the candidate, the Provost and Dean of the Faculty will invite all tenure-track departmental colleagues (other than those who are retired or are participating in the Salary Continuation Plan) to send letters to the Personnel Committee regarding the candidate's performance. (1/24/07)

B. The candidate will present to the Provost and Dean of the Faculty: (3/12/03)

1. An up-dated vita.

2. A statement concerning the candidate’s teaching and contributions to major and non-major advising. The teaching statement allows the candidate to describe his or her activities that demonstrate excellence in teaching. In the statement the candidate should provide his or her definition of excellent teaching. Based on this definition, the candidate is responsible for describing how he or she has worked to achieve excellence as a teacher. Excellence can take many forms including, but not limited to, the trials of new pedagogical techniques, the creation of supplementary teaching materials, the design of courses, or the integration of scholarship with teaching. In addition, the candidate should assess his or her instructional activities. Possible means of assessment include student feedback. Finally,
this statement should contain the candidate’s response to student course evaluations or prior personnel committee evaluations.

3. A completed and signed Release of Information Form, supplied by the Office of the Provost and Dean of the Faculty, releasing student evaluations to the Faculty Personnel Committee as part of their review. In the case of contract renewal, evaluations are required from at least 2/3 of all classes satisfying the faculty member's normal teaching load at Whitman in the preceding two years. For decisions on the granting of tenure or promotion to Professor, evaluations are required from at least eight of the twelve most recently taught courses satisfying the faculty member’s normal teaching load at Whitman. Upon receipt of this form, the Office of the Provost and Dean of the Faculty will obtain web-based and hard copy evaluations noted on the form from the Registrar’s Office. Evaluations from a variety of courses representing the range of the candidate's teaching activities will be expected. The standard form provided by the College will be used; however, the candidate may append his or her own questions (quantitative or written) to the form if appropriate to a particular course. To facilitate the collection of such information, the Provost and Dean of the Faculty should remind those faculty members due for evaluation to begin gathering the necessary course evaluations.

4. Class materials (e.g., syllabi, reading lists, examinations).

5. The names of at least three colleagues from within the college community from whom the candidate has requested letters. These letters should focus on aspects of teaching that will not be addressed by student evaluations or letters written by off-campus experts. Faculty can provide uniquely valuable information on such matters as the candidate’s mastery of the field, whether the candidate’s organization of the course is appropriate to the subject matter, and whether the information is provided at a level appropriate for the students of the course. Faculty comments on the candidate’s class materials, including syllabi, assignments, and textbooks, as well as the pedagogical techniques implicit in the assignment and structure of the course, can be extremely useful to the evaluation process. In many cases, faculty can make insightful comments on the value of presentations, performances, and activities outside the classroom as well. For the letter writer to be familiar with the teaching philosophy and objectives of the candidate under review, he or she might meet in advance with the candidate to discuss these matters. The candidate might also provide the letter writer with background about the courses to be evaluated, including earlier versions of the syllabus, if it has been taught more than once and if it has changed significantly. Guidelines for letter writers can be found on the Web site of the Provost and Dean of the Faculty at: http://www.whitman.edu/offices-and-services/provost/guidelines-and-procedures.

Visits to the classroom are an indispensable part of the review process. Letter writers should try to make at least two observations of the
candidate’s teaching, whether in a classroom or non-classroom setting. Letter writers might also write about team-teaching experiences and observations made during guest visits to classes. In the visit, faculty will want to determine whether the candidate’s teaching philosophy and the objectives implicit in the syllabus are upheld in the actual teaching situation.

C. A candidate for tenure or promotion to professor will provide a list of the names of a minimum of eight and maximum of ten established scholars, artists or performers in the candidate’s field. The list will be constructed by the candidate in consultation with the candidate’s department chair and the Associate Dean for Faculty Development. From this list, the Provost and Dean of the Faculty will request four letters of evaluation for the candidate. (Faculty Code, Chapter 1, Article IV, Section 4, C.) (03/30/11)

For all names submitted, the candidate will provide a justification for each reviewer on the list. The candidate should disclose the nature of the relationship he/she has with the potential external reviewer. Generally, the external letter writer should have no close personal or professional relationship to the candidate; however, should this be necessary, the candidate will need to present a particularly strong argument for their inclusion. The candidate may also identify up to four of the potential external reviewers in their list of eight to ten as preferred reviewers, from which at least three of the final letters will be solicited.

The Provost and Dean of the Faculty will review the final list of external reviewers and in consultation with the Associate Dean for Faculty Development will identify four reviewers. These four reviewers will include at least three reviewers from the candidate’s preferred list, if preferences are provided, and will seek to balance reviewers from the various fields in which the candidate works. The Provost and Dean of the Faculty will return to the original list should additional reviewers need to be identified. In the event that all reviewers from the original list are exhausted, the Provost and Dean of the Faculty will ask the candidate to identify additional reviewers, again in consultation with the department chair and the Associate Dean for Faculty Development.

The Provost and Dean of the Faculty will provide those reviewers agreeing to submit a letter of evaluation with information regarding their role in the review process and will request that reviewers submit their current C.V. along with an assessment of the candidate’s professional activity. (Faculty Code Chapter 1, Article IV, Section 4,C.) The Office of the Provost and Dean of the Faculty will make available to reviewers the materials submitted by the candidate and will serve as liaison between the candidate and the reviewer for any additional materials requested by the reviewers. The Provost and Dean of the Faculty will determine the compensation to be offered to outside reviewers.

It will be the responsibility of the Office of the Provost and Dean of the Faculty to ensure that letters of evaluation from outside reviewers are
received in a timely manner. The Personnel Committee will not be made aware of which letters were specifically requested by the candidate and which were selected by the Provost and Dean of the Faculty. All letters from external reviewers will be considered equally by the Personnel Committee.

D. With the exception of letters by external reviewers solicited as part of a candidate’s initial file, the Provost and Dean of the Faculty shall notify the candidate of the source of any letter in his or her file before that letter is considered by the Personnel Committee. (04/17/13)

Section 6. Periodic Review of Tenured Faculty

A. Each tenured faculty member shall be evaluated in every fifth year following tenure. The evaluation shall be conducted by the Provost and Dean of the Faculty in consultation with the faculty member’s Division Chair. (05/08/02).

B. In the event that the faculty member and the Provost and Dean of the Faculty disagree on the outcome of the review, the faculty member may petition the Committee of Division Chairs, absent the Provost and Dean of the Faculty and the Associate Dean of the Faculty, and when the faculty member under review is a Division Chair or Chair of the Faculty, absent that person as well, who will conduct an independent evaluation. Any review by the Committee of Division Chairs will result in a written report that will be sent to the President of the College, the Provost and Dean of the Faculty and the faculty member, and will be added to the faculty member's file. (05/08/02)
Article V. Teaching Loads and Advising

Section 1. Teaching and Loads

A. The standard teaching load in most academic departments is five courses per year. Laboratory courses in the sciences count as one-half of a course. Other exceptions may occur (e.g., in departments that offer large numbers of activity courses or 1-2 credit courses or seminars). Faculty members in departments requiring senior theses/integrative essays/research projects for their majors may count this participation toward their course load; normally this participation will not count as more than the equivalent of one course per year. Unless on sabbatical leave or leave of absence, faculty members are normally expected to teach in each semester of an academic year. Faculty on sabbatical leave or leave of absence during one semester of an academic year will be expected to teach not fewer than 2.5 courses during the other semester.

The faculty members of each department are expected to come to agreement on what constitutes their five-course responsibility consistent with fairness in the distribution of workloads, enhancement of the department’s course of studies and continued excellence in the instruction of students. (11/04/09)

B. Students will be allowed to teach certain activity classes in the SSRA Department (e.g., Rock Climbing and Kayaking) if they receive the training appropriate to the activity as determined by the Provost and Dean of the Faculty. Faculty approval is necessary before students teach a class not previously taught by students.” (10/10/01)
Article VI. **Opportunities for Professional Development**

Section 1. **Sabbatical Leave (5/13/09)**

A. All faculty who are tenure-track are eligible to apply for one of the following:

1. A one-semester sabbatical at 100% of salary following four years of full-time teaching; or

2. A one-year sabbatical after four years of full-time teaching at 82% of salary; or

3. A one-semester sabbatical after four semesters of full-time teaching at 82% salary; or

4. Non-tenured, tenure-track faculty will be eligible to apply for a one-year sabbatical after their first three years of full-time teaching at 90% salary. (Faculty members who opt for the one-year sabbatical after their first three years will next be eligible for a one-semester sabbatical at the beginning of their eighth year, the same as if they had taken the two one-semester sabbatical options.)

B. Non-tenured, tenure-track faculty will be eligible to take their second semester sabbatical during the fifth year of full-time teaching at 82% of salary.

C. **Evaluation**

Proposals will be evaluated by the Committee of Division Chairs. Sabbatical leaves are granted for projects of such a nature and magnitude that their completion is impossible while the faculty member is engaged in regular teaching obligations. Most proposals should be no longer than three pages, be comprehensible to educated individuals outside of the discipline, and begin with a summary or abstract. Though most satisfactory proposals will be scholarly in nature, curricular proposals are also acceptable. Proposals that are scholarly in nature should result in publication or equivalent presentation. All proposals should have clearly defined objectives by which their success or lack of success can be judged.

In evaluating sabbatical proposals the Committee of Division Chairs will consider several questions. Is the proposal clearly written with specific objectives? Will the project enhance the candidate’s teaching and scholarship? Of what value is the project to the individual’s department, the College, and its students? What evidence is there of the likely success of the project? The most compelling evidence is the success or failure of previous sabbatical projects.
 Article VII.  Powers of the Faculty

A. The Faculty shall have power to arrange the courses of study, and to take proper measures for the government and discipline of the students, and to suspend and expel offenders as may be deemed necessary. Section 20. Curriculum Committee (11-10-2010)

A. The Curriculum Committee shall be a reviewing and consultive body for the Faculty as a whole in matters pertaining to the curriculum, both at the level of individual course and major proposals and at the level of considering the ways in which the various elements of the academic program fit together into the overall curriculum of the College.

1. The Curriculum Committee shall review all proposals from departments or programs for changes in the curriculum, including adoption, deletion, and substantive alteration of courses (including “special topics” courses), major programs, and minor programs. In assessing proposals the Curriculum Committee will consider:

   a. whether proposals are consistent with the mission of the College;
   b. whether proposals maintain the integrity and ensure adequate contributions to general education courses;
   c. whether departments and programs are maintaining the integrity of their major programs;
   d. whether departments and programs bringing proposals have taken care to coordinate with other departments and interdisciplinary programs and post-graduate advising rubrics that might be affected;
   e. resource implications;
   f. enrollment pressures.

2. Prior to spring pre-registration, the Curriculum Committee will review proposed schedules for the following two academic years in light of the overall needs of the academic program, and, in particular, enrollment needs, by examining:

   a. whether the proposed schedules distribute courses and available numbers of seats across semesters;

c. whether the proposed schedules distribute courses across the available time slots.

3. The Curriculum Committee will consult liaisons within the Library, WCTS, the Office of Off-Campus Studies, relevant interdisciplinary programs and others, as needed, for additional information. The Curriculum Committee will also consult with the Divisions, as appropriate (e.g., regarding the creation or deletion of major programs).

Inclusion in the College Catalog of proposed changes to the curriculum, and listing for pre-registration of proposed schedules, shall be contingent upon approval by the Curriculum Committee. However, should a proposal be rejected by the Curriculum Committee, a faculty member may bring their proposal to the faculty for a vote.

5. Divisions may make proposals to the Curriculum Committee but need not conduct a review of proposals from departments or programs prior to those proposals being submitted to the Curriculum Committee.

B. The Curriculum Committee shall hold meetings on curricular matters at least once a month and shall hold additional meetings on curricular matters as required.

1. Any member of the faculty may, upon request, attend a meeting of the Curriculum Committee.

2. The Minutes of the Curriculum Committee shall be made available to the Faculty as a whole prior to the next faculty meeting and shall be acted upon by the Faculty in a timely manner. Curricular matters, which shall be subject to ratification by the Faculty as a whole, may come to the Faculty to be considered as a single motion, except that any faculty member may ask for a specific curricular item to be considered separately.

C. The voting membership of the Curriculum Committee shall consist of:

The ASWC President and ASWC Vice President shall be *ex-officio* non-voting members, who will temporarily remove themselves from discussions at the discretion of the Chair.”
Article I. HARRASSMENT POLICY (Revised Nov. 1, 2006)

Whitman College is committed to providing the best possible environment for carrying out its educational mission. An essential component of this environment is an atmosphere in which all members of the college community have an equal opportunity to work, to learn, and to grow; the College therefore condemns any conduct, overt or covert, which interferes with the ability of any individual or group to pursue these tasks. In particular, the College condemns any conduct by members of the college community which results in the abuse, harassment, or intimidation of other members of this community on the basis of race, color, sex, gender, religion, age, marital status, national origin, disability, veteran’s status, sexual orientation, gender identity, or any other basis prohibited by applicable federal, state, or local laws.
Article II. STATEMENT ON CONSENSUAL RELATIONSHIPS (05/20/2011)

Faculty are entrusted with advising students, judging their work, assigning grades, and making recommendations for further study and/or employment. One’s ability to perform these duties is seriously jeopardized by questions about intent, fairness, or favoritism. It is therefore unacceptable for faculty to have romantic or sexual relationships with students, except when the relationship pre-dates either the student’s initial enrollment in courses at Whitman College or the faculty member’s initial appointment and the faculty member holds no supervisory or evaluative role over the student. Relationships that may appear consensual, even those that do not involve a supervisory or evaluative role, may in fact constitute or develop into a violation of the College’s Grievance Policy (Faculty Code, Chapter 2, Article VII).

The possible harm of such relationships can extend beyond the immediately involved parties, as they may generate a perception of unfair treatment and interfere with the ability of other students to work comfortably and effectively. Therefore, faculty are expected to remove themselves from any activity or evaluative role that could reward or punish individuals because of a prior or current romantic relationship. In such cases, the faculty member must work either with the relevant Division Chair or with the Provost and Dean of Faculty to devise an alternative evaluation mechanism. Failure to do so is inconsistent with the AAUP’s evaluation mechanism and the AAUP’s (2009) statement on professional ethics. Such a violation could reasonably constitute cause for dismissal under Chapter 1, Article III, Section 4 of the Faculty Code. Faculty should be aware, moreover, that the power differential involved in faculty/student relations is complex, that students also evaluate faculty: students’ formal evaluations of faculty members are taken seriously by the college as a factor in assessing teaching, and students can also approach the Provost and Dean of the Faculty, the Dean of Students, or the Board of Review with complaints or concerns about a faculty member’s professional conduct.

Similar power differentials may also render it inappropriate for faculty to have romantic or sexual relationships with staff over whom they have supervisory authority. Relationships that may appear consensual, even those that do not involve a supervisory role, may in fact constitute or develop into a violation of the College’s Grievance Policy (Faculty Code, Chapter 2, Article VII). In any of these situations, faculty may find it difficult to argue that a relationship was fully consensual.
Article III. ENVIRONMENTAL PRINCIPLES FOR WHITMAN COLLEGE
(Feb. 23 2000)

Recognizing the impact Whitman College has on the environment and the leadership role Whitman College plays as an institution of higher learning, the College affirms the following environmental principles and standards, which shall be consulted to explore the practical ways Whitman College can promote an environmentally conscious campus.

- To reduce the amount of non-recyclable materials used; to reuse whatever materials may be reused; and, to utilize recycled materials whenever possible.

- To consider the eco-friendliest science and technology available to decrease our environmental impact.

- To continue to build an energy-efficient campus in the 21st century.

- To utilize companies, where possible, that are active in their defense of the environment from further degradation.

- To encourage individuals' environmental accountability through programs of environmental education.

- To consider environmentally friendly options when they exist and are practical in decisions regarding developmental projects.

- To further the use of reused materials, recyclable materials, and the Internet in campus communications.

- To encourage and request food service to make environmentally friendly decisions, where reasonable, in purchasing food and supplies, reducing waste, and reusing materials.

- To maintain campus grounds through the employment of bio-friendly substances and services.

- To strive to improve upon current practices so we may harmonize the trends of the industrial world with the natural environment.
Article IV. FIREARMS, EXPLOSIVES, AND OTHER DANGEROUS WEAPONS
POLICY (May 10, 2000)

No firearms or ammunition are permitted in outdoor areas of the campus or in any college-owned student-occupied buildings, including all fraternities and rentals or in conjunction with any college-sponsored activity.

For the purpose of this policy, “bb” guns, illegal knives, blowguns, swords, slingshots, bows and arrows, crossbows, and similar devices are considered “dangerous weapons” whose possession and use are prohibited.

Explosives of any type, including “fireworks,” “firecrackers,” “cherry bombs,” “bottle rockets” and the like, are prohibited at all times.

The only three exceptions to this policy are: 1) law enforcement officers in the course of their duty; 2) firearms, explosives and other dangerous weapons used by faculty for educational purposes; 3) students using firearms, explosives and other dangerous weapons for educational purposes who have received prior permission from the Dean of Students.

Items such as paint guns, paint balls, darts, knives, mace, and pepper spray used inappropriately or in contexts for which they are not intended will be treated as dangerous weapons. All firearms, explosives, and dangerous weapons will be confiscated.
Article V. INFORMATION TECHNOLOGY POLICY (May 19, 2000)

Section 1. Account Policy

A. The computer and networking resources are the property of Whitman College. Every student, faculty, and staff is entitled to an account to access those resources. The account is for the exclusive use of the user who is assigned the account and password. Lending of an account to another person is not permitted, and is considered to be a violation of College policy and may result in disciplinary action. The College does not sell, share or rent account information in ways different than are described in this policy.

B. The Whitman College "Privacy Policy" describes the user's right to privacy.

1. Limitation

   The Whitman College "Acceptable Use Policy" describes limitations on the usage of accounts.

2. Suspension of Accounts

   The Whitman College "Acceptable Use Policy" describes those actions that may lead to suspension of accounts.

3. Upon Leaving the College

   a. Graduating students have access to their accounts for one year after graduation. Extensions beyond the one-year period will not customarily be granted. After one year, students have an option to participate in the life-long e-mail forwarding service through the Office of Alumni Relations.

   b. Students who leave the institution without graduating (e.g., transfer, dismissal, etc.) will have access to their accounts for one month following the termination of their relationship with the College. Students on leave of absence (including study abroad) will have their accounts retained.

   c. Faculty or staff who permanently retire may keep their account for life.

   d. Faculty who leave the College for other reasons will have access to their accounts for six months following the termination of their relationship with the College. If a longer period is desired, contact the Chief Information Officer.

   e. Staff who leave the College for other reasons will be evaluated on an individual basis. Generally, staff accounts will terminate immediately.

Section 2. Privacy Policy

A. This policy addresses the College's commitment to protecting the privacy of authorized users of its Information Technology (IT) systems, and other systems that are capable of recording information about the user. Hereinafter these
authorized users are referred to as "The Whitman Community." Despite the College's adherence to these policies it cannot assure the Whitman Community protection from the sorts of activities broadly referred to as "hacking" whose consequence might be a loss of electronic privacy.

B. The Chief Information Officer reminds the Whitman Community of the inherent insecurity of electronic information particularly on the Internet, and of their responsibility in ensuring the privacy of their account (e.g. users should use a secure password, not share their passwords or access to their accounts, etc.).

1. The College is committed to protecting the privacy of the Whitman Community as it concerns materials stored on College computers or transmitted electronically on College networks or Information Technology (IT) infrastructure. In the event of court cases, it will make every reasonable effort to defend users' privacy. Whitman College will not access or monitor computer accounts, usage of IT services, or other electronic records except when:

   a. authorized by the user(s)

   b. performing maintenance necessary for the operation of the relevant systems, in which case the user(s) shall be notified of such access

   c. necessary for billing purposes (e.g. long distance) or legally required to do so, after the College has mounted a reasonable effort to defend the privacy of the user(s).

   d. Routine maintenance and upkeep that do not involve examination of account or network traffic content or information content in general, such as backups, are exempt from the notification requirement.

C. While it is necessary to store some information about users and individual use of electronic services, neither this information nor knowledge derived from this information will be accessed unless:

   a. it is fundamentally necessary for the functioning of the College's IT or electronic infrastructure or

   b. there is clear evidence suggesting that the security and/or the integrity of the system is being compromised.

In either of these cases only the Chief Information Officer or his or her designees will make use of this information or its derivatives and then only in their efforts to assure the smooth functioning of the College's IT resource and other electronic systems.

D. Whitman College is committed to the free flow of ideas, and the freedom of electronic speech shall be fully protected. The College will actively protect the Whitman Community's freedom of expression. The content of electronic communication is not censored; this includes, but is not limited to, personal web pages, postings to listservs and newsgroups, and e-mail. However, in accordance with the principles of this policy, the following limitations apply:
1. The volume of information may be limited without regard to content because of the technical constraints of the system (e.g., the number of news groups available at any one time may be limited).

2. The College retains the right to protect itself from liabilities posed by the electronic behavior of members of the College, if these behaviors are patently illegal. Otherwise the College will make every reasonable effort to defend users whose rights for freedom of expression are being challenged.

3. Users are expected to abide by the laws of the State of Washington and the United States and by the policies of the College.

Section 3. Acceptable Use Policy

A. Introduction

The Whitman Campus Network is provided as a service to students, faculty, staff, and other members of the Whitman community. Maintained by Whitman College Technology Services (WCTS), the Network supports the instruction, research, and service mission of the College. This document outlines the policy of acceptable use of Whitman Campus Network resources, the effective protection of individual users, equitable access, and proper management of those resources.

B. Individual Responsibilities

1. Whitman College strives to provide fair and distributed access to computing and network facilities for the entire community of users. It is the intent of Whitman College to make available unfiltered information on the Internet for the College community. Members are responsible for selecting, viewing, and utilizing resources. If it is necessary to filter or block any information to enhance security or performance, and if this filtering or blocking occurs regularly or more often than occasionally, a description of and rationale for the action will be posted with other WCTS online information.

2. To foster trust and intellectual freedom, it is necessary to practice courtesy, common sense, and restraint in the use of shared resources. Improper use of Whitman facilities may prevent others from gaining fair access to those facilities.

3. Furthermore, users must keep in mind that networks or systems outside of Whitman College (including those in other countries) may have their own distinctive policies and procedures. Users are advised to learn and abide by the policies and procedures of these external networks.

4. Insofar as a secure and reliable computer system is necessary to the academic mission of the College, all members of the College community should contribute to the security of the system by conscientiously protecting their access privileges, for example: users need to select a secure password and, furthermore, should change their passwords frequently. Likewise, the computer system administrators will act promptly when evidence of serious compromises to the security of the system is detected.
5. The Whitman College computing network must work within finite limitations of bandwidth and disk space. Users are reminded that electronic mail exists on a space shared by other members of the community, and users are responsible for maintenance of their electronic mailbox. Therefore users are encouraged to keep only pertinent materials in their mailbox accounts. The user should:

   a. Conserve disk space: delete unwanted e-mail messages as soon as possible and arrange for forwarding of e-mail when appropriate (e.g. breaks, overseas study).

   b. Be aware that e-mail cannot be guaranteed to be perfectly private: others may intentionally or unintentionally forward or print your message, making it publicly available.

   c. Like electronic mail the maintenance of a user's own storage area is the user's responsibility. The user should:

      i. Conserve server disk space

      ii. Routinely and frequently check for viruses.

      iii. Not maintain anything that the user considers to be private in the network storage area. (Files in network storage may be accessible by persons with system privileges.)

C. Conduct

Activities that violate the Acceptable Use Policy include, but are not limited to, those in the following list:

1. Using a computer account that does not rightfully belong to you.

2. Violating copyright laws and their fair use provisions through inappropriate reproduction or distribution of copyrighted files (including movies, music, computer software, text, and images).

3. Using the Campus Information Technology (IT) infrastructure to gain unauthorized access to other computer systems.

4. Unauthorized connecting of equipment to the campus network (this includes personal hubs in rooms).

5. Attempting to break into the system by circumventing data protection schemes or uncovering security loopholes. This includes the wrongful use of programs that are designed to identify security loopholes and/or decrypt intentionally secure data.

6. Knowingly or negligently performing an act that will interfere with the normal operation of computers, terminals, peripherals, or networks.

7. Attempting to damage or to place excessive load on a computer system or network by using programs, such as (but not limited to) computer viruses, Trojan Horses, and worms.
8. Deliberately wasting or overloading computing or printing resources, or deliberately using excessive bandwidth on the network.

9. Violating terms of software licensing agreements.

10. Using College resources for non-academic commercial activity such as creating products or services for sale, without express College approval.

11. Using electronic mail or other Information Technology resources to abuse, harass, or intimidate members of the College community on any basis including race, ethnic origin, creed, gender or sexual orientation. Users are reminded that sexually suggestive materials displayed inappropriately in public places, the classroom, or the workplace may constitute sexual harassment.

12. Propagating mass mailings with the intent of flooding ("spamming" or "bombing") the accounts of others.

13. Forging the identity of a user or machine in an electronic communication.

14. Transmitting or reproducing materials that are slanderous or defamatory, or that otherwise violate existing laws or College regulations.

15. Attempting to wrongfully monitor or tamper with another user's use of the College's Information Technology infrastructure (such as reading, copying, changing, or deleting another user's files or software) without the knowledge and agreement of the owner.

D. Authorization

1. Personal use of Whitman College computing resources by staff employees during working hours is an issue that will be determined by the employee's supervisor.

2. Use of College computing and network facilities for non-academic commercial monetary gain requires the approval of the College and may require a written contract that gives full details of any financial obligation and/or charge for use, if any.

3. Connecting network devices, such as "network hubs" to the campus system will require authorization from the Chief Information Officer or his/her designee.

4. Setting up a new domain on a computer located on the Whitman College network will require authorization from the Chief Information Officer or his/her designee.

5. Authorization decisions may be appealed to the appropriate Dean or supervisor.

E. Enforcement of Policies
1. Failure to comply with any of the above policies may result in termination of network privileges, College disciplinary action, and/or criminal prosecution.

2. It is understood that users may unwittingly create problems for others by, for example, employing programs that monopolize the network bandwidth. In such cases the Chief Information Officer (or his or her designate) will contact the user and explain why and how the user needs to modify his or her electronic behavior. A policy clarification letter may be written. In cases of repeated problematic behavior, the CTO may recommend to the appropriate Dean or supervisor that a formal warning be placed in the user's College record. If so, the user will be notified of this recommendation and will be allowed the opportunity to provide a response to the recommendation in advance of the Dean's/supervisor's decision.

3. Access to computing resources may be suspended temporarily at any time by the Chief Information Officer (or his or her designate), if there is clear evidence to suggest that the resource(s) are being used in a manner that seriously compromises the security and/or integrity of the resource(s). In such a case, the owner of the account will be sent notification of this action within twelve hours and assisted in extracting such files as are immediately needed (e.g., for class assignments) and/or establishing a new, secure account, as appropriate.

4. Upon suspension, a user shall discuss the issue with the Chief Information Officer (or his or her designate) in order to reestablish an account. The account shall be reestablished within one business day of a satisfactory conclusion to this meeting. If the account is not reestablished to the user's satisfaction, he or she may appeal to the appropriate office of the College. The Chief Information Officer (or his or her designate) may also choose to refer the case for disciplinary action in accordance with established procedures. For students, it is as described in Part 5, Section 2 of the Whitman College Student Handbook. For faculty, see Faculty Code, Chapter 1; for staff, see Staff Handbook.
Article VI.  PROCEDURES FOR WHITMAN FACULTY/STAFF-LED TRIPS ABROAD (April 11, 2002)

Section 1.  Approval of Trip

The approval process for any Whitman-affiliated or Whitman-supported course or field trip in foreign countries for Whitman students that are organized by Whitman faculty/staff is described below.

The Provost and Dean of the Faculty must approve of the activity, with the assistance of the Off-Campus Studies Committee, in terms of the risk and liability of taking students to a given destination. It is the responsibility of the faculty/staff member organizing the trip to provide as much information as possible to the Provost and Dean of the Faculty about the following:

A. Approval for the trip in writing from the appropriate academic department if credit is involved.

B. Summary of the trip, including itinerary, course descriptions and housing information

C. Description of the budget and program fees charged to students

D. Generally known risks in the destination

E. Names and qualifications of Whitman and non-Whitman staff for the trip

F. Information about the vendors for trip such as tour operators and bus companies

Faculty/staff members who propose potential trips should allow three months for the Provost and Dean of Faculty to reach a decision about the proposed trip. Approval for such trips may be withdrawn if conditions in the destination country(ies) deteriorates prior to departure.

Section 2.  Required Predeparture Documents

The faculty/staff member(s) leading the group is responsible for distributing and collecting the following required predeparture documents. The forms are available from the Off-Campus Study Office. (These requirements are consistent with what are required for study abroad students.)

It is the faculty/staff leader's responsibility to leave a copy of these forms with the Division Secretary for his/her building. These forms are all available in the Study Abroad Office.

A. Health Statement and Liability Waiver with the following attachments:
   1. Center for Disease Control immunization recommendations for region
   2. U.S. State Department Travel Advisories for countries to be visited

B. Proof of Medical Insurance Form (demonstrates student is covered while abroad)
C. *International Student Identity Card Application* (benefits include medical evacuation insurance)

D. *Dean of Students Clearance* (There is no form for this, but the organizer should send the names of the participants to the Dean of Students Office to make sure that participants have no history of discipline or other non-academic problems that the organizer should be aware of.)

### Section 3. Predeparture Orientation Information

To help the students have realistic expectation for their foreign experience, Whitman faculty/staff taking students abroad should provide students with appropriate predeparture information. Guidelines for predeparture information are described below. While it is the faculty/staff leader's responsibility to organize the predeparture information, the Study Abroad Office can provide suggestions for sources of information.

A. Description of course/activity including details about credit, prerequisites and academic expectations

B. Description of physical abilities necessary for activity (e.g., strenuous hiking)

C. Calendar and itinerary

D. Program cost, availability of financial aid, and billing procedures

E. Information on how to obtain a passport and visa(s) if required

F. Description of housing and living conditions

G. Banking and money matters (ATM, Travelers Checks, etc.)

H. Description of local conditions including access to medical facilities, road safety, health risks, crime, attitudes towards Americans

I. Cultural norms and taboos

J. Appropriate clothing, luggage and other items to bring

K. Emergency contact information for families such as e-mail address, fax, telephone

### Section 4. Information for Parents

The faculty/staff leader will inform the parents or guardians of the participants of the risks of the activity and the cost/billing procedures, unless the student is no longer a dependent of their parents.

### Section 5. Predeparture and In-Country Procedures

The faculty/staff leader is responsible for taking the following precautions prior to departure and upon arrival in-country.

A. Leave a list of participants and contact information for the group with the Provost and Dean of Faculty's Office prior to departure.
B. Register all group participants by fax or telephone with the nearest U.S. consulate or embassy in the countries that you will be in so that U.S. officials can contact and assist the group in the event of an emergency in that country. (Embassy may be notified prior to departure from the U.S.) The U.S. consulate/embassy needs the following information: names and passport numbers of group members; name and phone number of the place where the group is staying. Contact information for U.S. consulates/embassies abroad can be found at http://travel.state.gov.

C. Provide participants with local emergency contact information such as how to reach the faculty director after hours and where to go for medical attention in the event of an emergency.

D. Remind students of local health and safety risks upon arrival at each new destination.
Article VIII.  SMOKING POLICY (Effective February 26, 2014)

It is the policy of Whitman College that students, faculty, staff, and visitors to the campus are entitled to live, study, and work in areas that are free of smoke. In accordance with this policy and Washington State law, smoking in any form, including tobacco or electronic cigarettes, is prohibited inside any building on the Whitman College campus and is prohibited within 25 feet of any entrance, exit, window, or ventilation intake of any Whitman College campus building.
Preamble: The Purposes of the College

Whitman College provides a liberal arts curriculum and a residence experience which are designed to encourage students to develop their potential as sensitive individuals and as leaders in society. The College serves these ends by encouraging students to develop certain habits of mind. One of these is the habit of objective analysis; another is sympathy developed to the point that it becomes habitual awareness of the needs and interests of others.

Such habits of mind are fostered by studies and experiences which enlarge the intellectual, esthetic, social, emotional, and moral capacities. Development of these capacities liberates by freeing the mind from the narrow constraints of ignorance and prejudice, by opening new paths to understanding oneself and the world.

Whitman seeks to assist each student in the development of these capacities and these habits of mind through an education that is both liberal and pre-professional, an education that progressively releases the individual from external direction and supervision of his or her studies and personal life in the hope that he or she will become self-directed in meeting personal and social commitments.

Diversity is fundamentally important to the character and mission of Whitman College. Diversity enriches our community and enhances intellectual and personal growth. We seek to provide a challenging liberal arts experience for our students that prepares them for citizenship in the global community. By sustaining a diverse community, we strive to ensure that all individuals are valued and respected and that intellectual and personal growth are enriched because of our differences.

1. The catalog will make clear how many credits a student would have to complete if he or she had absolutely no prior college-level preparation in the field. It will also state what distribution requirements can be fulfilled by completing the major.

2. A standard major program may be either a departmental or a combined program.
   a. A standard departmental program involves courses mainly in one Department, and it is under the supervision of that Department.
   b. A standard combined major program involves comparable numbers of courses in two or more standard major Departments or in one standard major Department and one or more other Departments or areas of course offerings, or two appropriately related areas of course offerings (see Ch. f. All graded Whitman courses defined by a department or teaching area to be eligible for the major shall be included in the calculation of the major grade point average, including courses completed in excess of major requirements, extra-departmental courses, and failed courses.” The Registrar’s Office will work with all academic major departments and teaching areas to systematically revise records, administration procedures, and catalogue copy where appropriate (04/21/10).

a. The individually planned major permits the development of a concentrated study in some area which crosses two or more disciplines or which currently does not offer a standard major, thus permitting an area of concentration not available in other major study programs.

b. The process of establishing an individually planned major involves creating an individually planned major committee. With the committee, the student develops a proposal consisting of a title, rationale and a schedule of coursework. The proposal is submitted to the Board of Review for approval and is subject to review by the Curriculum Committee.

c. Individually Planned Major Committee: The first step in establishing an individually planned major is selecting at least three faculty members, including at least two tenure-track or tenured faculty, to form an individually planned major committee, which will oversee the construction of the major, the student’s progress and the comprehensive examination. One of the tenure-track or tenured faculty, or a visiting faculty with a contract extending through the student’s senior year, must be designated chair of the committee. Students need to confirm that the members of the committee, or suitable replacements, will be present throughout the entire course of study. The designated chair of the committee must write a letter in support of the application and include therein an indication of his/her willingness to be on campus throughout the student’s senior year.

d. Title and Rationale: With the advice and consent of the major committee, the student must develop a title and rationale for his or her individually planned major.

i. The title should be clear, concise, and accurately describe the content of the individually planned major; it should be sufficiently different from existing major programs.

ii. The rationale must clearly establish the need for constructing an individually planned major as opposed to a double major, an established combined major or a departmental major plus a minor. It must also include an intellectual justification for the
coherence of the proposed program as an academic discipline appropriate to the liberal arts context.

iii. The statement should include a clear justification of the appropriateness of each course for the individually planned major.

iv. The program must contain work of an interdisciplinary nature.

v. In order to insure the rigor of the major, the following guidelines should be observed.

(a) There must be a minimum of 32 credit hours.

(b) There should be a full range of courses from the introductory to the advanced level. A minimum of 12 credits should be in 300 and 400 level courses.

(c) There should be a fully justified capstone course consisting of at least four hours of integrative work. (This course may be one of the courses above the 300 level).

(d) At least 12 hours should not yet be completed at the time of application.

(e) No more than 2/3 of the courses should come from any one department or program. The individually planned major is not intended to substitute for an established major less one or two courses.

(f) No more than 2/3 of the courses may be taken off campus and no more than 1/3 of the courses may be independent studies. Students need to reflect realistically on whether Whitman has the ability to offer an individually planned major in the proposed field. Will the faculty who share the student’s interests be available to teach the courses needed for their major? Are there enough regularly offered courses (excluding independent studies) to provide sufficient credit for an in-depth, coherent course of study in the proposed individual major?

vi. Oversight: The chair of the individually planned major committee has responsibility for overseeing the progress of the student. A student with an individually planned major must maintain a grade point average of 2.0 in the courses specified for the major.
vii. Changes: The individually planned major committee evaluates proposed alterations to the individually planned major and submits them to the Board of Review for approval.

viii. Senior Assessment: As with any other major, the individually planned major must include a plan to complete a senior assessment. The individually planned major committee will administer the examination. The student should work in consultation with the individually planned major committee to determine that a sufficient number of qualified faculty will be available to administer the examination at the appropriate time in the student’s course of studies.

ix. Honors: The student requesting honors in the individually planned major must meet the same requirements (concerning grade point average, etc.) as students in other majors. An honors proposal must receive the support of the individually planned major committee, and be filed with the Registrar by the date specified in the official College calendar.

x. Diploma and Transcript: Upon successful completion of the course of study in an individually planned major, the student will receive a diploma stating that he or she has graduated with an Individually Planned Major, listing the title of the major. The transcript will list the major as an Individually Planned Major, noting the actual title of the major in the notes.

Section 3. Minor Programs

A. A minor program is a coherent program of courses designed to develop knowledge in some depth of the basic ideas and skills in a particular field or area. Candidates for a Bachelor's Degree may elect to complete a minor program. A minor program shall require between 15 and 20 credits. The required and optional courses in the minor shall be specifically designated.

B. Minor programs are established by the general faculty (as specified in Ch. III, Section 4) and are listed below (12/01/2011):

Section 4. Adoption, Deletion, and Alteration of Courses and Standard Major and Minor Programs (11-10-2010)

A. Adoption, deletion, and alteration of courses and standard major and minor programs must be approved by the Faculty as a whole acting upon the recommendation of the Department or Program, Division or the General Studies Committee and the Curriculum Committee.

1. All proposals for adoption, deletion, and alteration of courses and standard major and minor programs shall be submitted to the Curriculum Committee by the academic Department or Program, or Division, or the General Studies Committee with its recommendation before February 1, if the changes are to become effective in the following academic year. Proposals must be distributed by the Curriculum Committee to the faculty as a whole at least two days in advance of the faculty meeting in which they are to be considered.

2. No change shall become effective in the academic year in which it is approved by the faculty. The requirements in this paragraph may be waived by the Curriculum Committee if warranted by unusual circumstances.

B. Proposals concerning adoption, deletion, and alteration of courses and standard major and minor programs shall be accompanied by a rationale and a consideration of demands on staff time and college resources. Proposals for the establishment or alteration of courses shall also contain a complete course description, and any restriction on registration, for subsequent inclusion in the college catalog. A special topics course that has resource or staffing implications must be voted on by the faculty each time the course is offered. Proposals concerning the alteration of major and minor requirements must include a provision for currently declared majors and for minors (01/25/12).

C. Proposals for minimal (01/25/12) alterations in number, title, and prerequisites of courses may be submitted without a rationale. If such proposals are recommended by the Division or General Studies Committee and receive the concurrence of the Curriculum Committee, they may be reported to the faculty without ratification, unless requested by a member of the faculty.

Section 5. General Studies Committee (11-10-2010)

A. The General Studies Committee shall supervise and administer the General Studies Program.
Chapter 3  
The Curriculum and Courses of Study

1. The General Studies Committee shall function as a Division for the purposes of the introduction of new courses, substantive changes in existing courses, and the alteration of rules and requirements for the General Studies Program.

2. The General Studies Committee shall advise the Curriculum Committee on these matters and shall also advise the Board of Review on waivers of General Studies requirements in the cases of continuing or transfer students.

B. The General Studies Committee shall consist of a representative from each Division, a representative from each of the offered General Studies Courses, two non-voting students, and the Provost and Dean of the Faculty (or designate), ex officio.

1. The three divisional representatives shall be elected by the Faculty as a whole, and may or may not be instructors in a General Studies course. The divisional representatives shall serve 3-year terms.

2. A course representative shall serve a 1-year term.

3. The student members shall be appointed annually by the Provost and Dean of the Faculty from nominations by ASWC.

4. The Committee Chair shall be elected annually by the Committee members.

Section 6. Special Programs

A. Off-Campus Study Programs

1. Whitman College may maintain an affiliation with the colleges and organizations listed below under whose guidance, direction and regulations a program of study may be undertaken. These are referred to as Whitman Partner Programs.

   - The Associated Kyoto Program
   - The Associated Colleges of the Midwest-Urban Semester Program in Chicago
   - The American University Washington Semester Program
   - Butler University’s Institute for Study Abroad (select programs)
   - College Year in Athens
   - Council on International Educational Exchange (CIEE) (select programs)
   - Great Lakes College Association-Urban Semester Program in Philadelphia
   - Institute for the International Education of Students (IES) (select programs)
   - Kansai Gaidai University, Japan
   - Middlebury College in Spain
University of Kansas Program at the University of Costa Rica
The School for Field Studies
School for International Training (SIT) (select programs)
Studio Art Centers International in Florence, Italy
Syracuse University in Florence, Italy
The University of Otago (Dunedin, New Zealand)
University of St. Andrews (Scotland)
The University of East Anglia (U.K.)
Whitman Summer Studies in China

2. A student participating in any of the partner programs shall be considered officially enrolled in an off-campus program of Whitman College and credit will be granted for work successfully completed as reported by the reporting agency of the program concerned, subject to limitations as to certain types of credit (activity, experiential) imposed by the College and provided that the specific program of study was approved by the student's advisor and the Off-Campus Studies Office (in consultation with the Registrar) prior to participation. Acceptance of work completed in these programs toward major requirements is subject to the approval of the department concerned.

3. Work undertaken in these programs shall be recorded as is work at Whitman College including grades reported by the program but with the exception that these grades will not be used in the calculation of semester and cumulative grade averages.
   a. The general regulations of Whitman College concerning registration, withdrawal, and grading will apply in the absence of similar regulations and procedures for the program.
   b. Whitman College procedures shall apply for the use of Pass/Fail or Credit/No Credit grade options.

4. Enrollment in a partner program may not be used to meet the minimum residency and credit requirements for the degree (Ch. V, Art. VI, Sec. 1 and 3) or for honors in course (Ch. V, Art VII, Sec. 2). Registration in any of these programs during the final year for completion of degree requirements requires the prior approval of the Board of Review.

5. Off-Campus Studies Programs fall into two basic categories: those that are consortial or bilateral in nature and those that are administered independently of Whitman by another institution or agency.
   a. In the case of consortial-type programs or a bilateral relationship with a foreign university (such as the Associated Kyoto Program or our relationship with St. Andrews), affiliation with Whitman requires the approval of the faculty as a whole.
Chapter 3

The Curriculum and Courses of Study

Preamble: The Purposes of the College

i. Benefits from affiliation with this type of program generally include preferential treatment for admission and financial aid for Whitman students who wish to attend the program.

ii. Affiliation benefits of consortial-type programs include having a Whitman representative on a board that supervises the program. In the case of universities abroad, benefits may include some reciprocity such as faculty or student exchanges.

b. In the case of Study Abroad Programs that are independently run through a sponsoring university or an agency (such as the University of Kansas’ programs in Costa Rica) and in which Whitman’s relationship is limited primarily to financial arrangements for study abroad students, the decision to affiliate may be made based on the recommendation of the Off-Campus Studies Committee with the approval of both the Provost and Dean of the Faculty and the Treasurer.

B. Programs Requiring Inter-Institutional Study Plans (implement changes from item III, pg 69, Feb 20, 2013 minutes, check to see that remaining items IV, and V are also implemented)

1. Whitman College may maintain an affiliation with the School of Law of Columbia University for the joint offering of a 6-year program in Accelerated Interdisciplinary Legal Education. This program shall lead to the degree of Bachelor of Arts awarded by Whitman College, and concurrently to the Juris Doctor degree awarded by Columbia University, with the requirements for the Bachelor of Arts degree and the major under this program established by Whitman College. (Ch. V, Art. VI, Sec. 8.)

2. Whitman College may maintain an affiliation with the School of Oceanography of the University of Washington for the joint offering of a 5-year program in the field of oceanography. This program shall lead to the degree of Bachelor of Arts with major study in either Biology or Geology awarded by Whitman College, and concurrently to the degree of Bachelor of Science in Oceanography awarded by the University of Washington, with the requirements for the Bachelor of Arts degree under this program established by Whitman College. (Ch. V, Art. VI, Sec. 8.)

3. Whitman College may maintain an affiliation with the Nicholas School of the Environment and the School of Business of Duke University for the joint offering of 5- and 6-year programs in the field of forestry and environmental management. The 5-year program shall lead to the degree of Bachelor of Arts with major study in either Biology or Geology awarded by Whitman College, and concurrently to the degree of Master of Forestry or Master of Environmental Management awarded by Duke University. The 6-year program shall lead to the same degrees plus a Master of Business Administration awarded by Duke University. For both programs, the requirements for the Bachelor of Arts degree under this program are established by Whitman College. (Ch. V, Art. VI, Sec. 8.)
4. Whitman College may maintain affiliations with partner institutions (Columbia University, the California Institute of Technology, Duke University, Washington University in St. Louis and the University of Washington) for the joint offering of a 5-year program in a field of engineering or of computer science. This program shall lead to the degree of Bachelor of Arts with major study in either Chemistry-Pre-Engineering, Mathematics-Pre-Computer Science, Physics-Pre-Engineering or BBMB-Pre-Engineering (Biophysics, Biochemistry and Molecular Biology-Pre-Engineering), to be awarded by Whitman College, and concurrently to the degree of Bachelor of Science in Computer Science or a field of engineering awarded by the partner school. Alternatively, with approval of the program committee, students may attend a non-affiliated, A.B.E.T. accredited institution in order to complete the program. Requirements for the Bachelor of Arts degree under this program are established by Whitman College. (Ch. V, Art. VI, Sec. 9.) (02/20/2013)

Section 7. Numbering of Courses

A. Lower numbered courses are designed primarily for students in the early stages of learning and the higher numbers indicate courses with a greater degree of sophistication.

The Curriculum Committee shall scrutinize proposed course numbers to achieve a reasonable degree of equivalence between disciplines.

B. In accordance with the above, courses offered by Whitman College shall be numbered 100-499 consistent with the designations which follow:

- 10-199: Introductory level courses
- 200-399: Intermediate level courses
- 400-499: Advanced level courses

C. The first digit of the course number is to indicate the general level of the course and the second digit may be used by a Department to designate type or level of courses within the general level. The third digit is to be used to differentiate individual courses and indicate course sequences as follows:

- 1, 2, 3, 4: Used for courses which are part of a year-long sequence in which the first course is not the prerequisite for the second.
- 5, 6: Used for year-long courses in which the first semester course is a prerequisite for the second.
- 7, 8, 9, 0: Used for one semester non-sequence courses

Thesis courses shall be numbered 491 and/or 492 and honors thesis courses shall be numbered 498.
Section 8. The Academic Calendar

A. The calendar concerning the opening and closing of the college sessions and the beginning and ending of the college vacations shall be determined by the Board of Trustees upon the recommendation of the President. (Const., By-Laws, Art. IV, Sec. 2.)

B. The Committee of Division Chairs may set particular dates within Board of Trustee rulings and make recommendations for changes in the college calendar to the general faculty for transmission to the Board through the President of the College.

Section 9. Interim Period

A. The calendar shall consist of two semesters and an intervening period of up to two weeks, following winter vacation and preceding the beginning of the second semester. This intervening period shall be designated as "The Interim Period."

1. During this period students may initiate their own programs providing educational opportunities of a voluntary nature.

2. No academic credit shall be given for programs undertaken during the Interim Period but, upon request, a student may have an indication of such activity entered in his permanent file.

3. A student coordinator may be appointed jointly by the President of the Associated Students and the President of the College to undertake the direction of programs during the period.

B. No student who has been dismissed for low scholarship at the end of the first semester may participate in activities of the Interim Period. To be eligible to reside on the campus during the Interim Period a student must register for activities which are part of the program in a fashion prescribed by the Provost and Dean of the Faculty.
Chapter IV

The Admission of Students

Section 1. Admission Policy

A. Admission to Whitman College shall be on a selective basis.

B. The case of every applicant will be given careful individual attention.
   1. His or her credentials shall be evaluated in comparison with those of the total group of applicants and the approval of his or her application shall be based upon the comparative indication of probable success in college.
   2. The kinds of high school courses taken, the quality of work done, and the quality of aptitude test scores shall be important criteria in making estimates of probable success.
   3. So also shall be extracurricular records, known interests and ambitions, and other evidence of ability and intelligence.

Section 2. The Admission Committee

A. The Admission Committee shall establish the procedures of admissions. The Committee shall have the authority to select and admit students in accordance with the established procedures of admissions.

B. The Committee shall consist of the Dean of Admission and Financial Aid, the Director of Admission, other admission officers as deemed necessary, the Associate Dean of Students, three faculty members appointed by the President, and two student representatives.

Section 3. Academic Entrance Requirements for Undergraduate Standing

A. Candidates for admission without collegiate experience shall be required to present:
   1. Official transcript of high school record.
   2. Record of scores made on either the Scholastic Aptitude Test administered by the College Entrance Examination Board, the American College Test administered by the American College Testing Program, or the Washington Pre-College Test administered by the Pre-College Testing Service.

B. Candidates for admission on transfer from collegiate institutions shall be required to present:
   1. Official transcript of high school record, issued by the preparatory school.
   2. Official transcript of college record/s from the institution/s which the applicant has attended.
3. Record of scores made on either the Scholastic Aptitude Test, the American College Test, or the Washington Pre-College Test for all candidates who apply for admission on transfer from other collegiate institutions who would have fewer than four semesters or equivalent of college work on record by the time they would be ready to enter Whitman.

Section 4. Post-graduate Students

A. Whitman College may admit as post-graduate students those who hold a Bachelor's Degree and wish to pursue a limited program of study which will meet special needs.

B. Permission for post-graduate students to enroll in the College may be granted by the Admission Committee with the concurrence of the faculty concerned. (Ch. V, Art. II, Sec. 2.)

Section 5. Auditors

A person may be admitted to the College as an auditor with the permission of the Dean of Admission and Financial Aid. Admission of an auditor to a class is dependent upon approval of the instructor. (See Ch. V, Art. II, Sec. 3.)

Section 6. Special Students

The Admission Committee may admit as special students applicants who wish to take courses at Whitman College but who do not intend to pursue a degree program, and, in exceptional cases, applicants who wish to pursue a degree program but for personal reasons can do so only at a slower than normal pace. If a special student wishes to become a regular student (Ch. V, Art. II, Sec. 1), he or she must apply to the Admission Committee in the usual way; however, the applicant may be given preferential treatment on the basis of his or her previous work at Whitman College. (Ch. V, Art. II, Sec. 2.)

Section 7. Conditional Admission

The Committee on Admission and Financial Aid may admit on a conditional basis those candidates who do not meet traditional admission expectations, but who, in the estimation of the Committee on Admission and Financial Aid, should have an opportunity to attend Whitman.

A. Students admitted on a conditional basis would be eligible for scholarship assistance and would live in a college residence hall if appropriate.

B. The Committee on Admission and Financial Aid would establish the conditions for admission and continued attendance at Whitman.

1. These conditions would normally include the requirement that the student enroll in and complete a minimum of twelve credit hours (including General Studies, when appropriate) and earn a minimum 2.000 cumulative grade point average during each semester they are on the conditional admission status.
2. These conditions may be instituted for a period of one or two semesters.

3. Upon satisfactory completion of the conditional period, the student may apply for regular student status.

4. It is presumed that the Committee on Admission and Financial Aid will grant regular student status to those who meet their conditional requirements.

C. Attendance at Whitman will be terminated for students who do not meet their conditional requirements in any one semester.

D. Students admitted under this status will not be eligible to participate in intercollegiate athletics.
Chapter V

Academic Regulations and Procedures

Article I. Election of Studies and Registration

Section 1. Initial Election of Studies and Registration for Credit

Each student must file with the Registrar each semester a registration schedule enumerating all the courses which he or she wishes to take during the semester.

A. This schedule must be completed in consultation with and approved by the student's adviser and then submitted via the approved means to the Registrar.

B. The student is not eligible to enter classes before he or she is officially registered, either electronically, or in-person at the Registrar's Office.

C. Registration shall not become official until satisfactory financial arrangements have been made with the Business Office.

D. No credit will be awarded for courses for which a student is not officially registered.

Section 2. Right of Registration in a Course for Credit

An instructor shall not deny a student the right to register in a course for which all prerequisites and conditions have been met. This does not affect the right of an instructor to prevent a student from registering and participating in his or her course for just cause but any student so restricted shall have the right of appeal to the Board of Review.

Section 3. Changes in Election of Studies and Registration for Credit

A. After the registration procedures have been completed (generally after the tenth instructional day) students may not change their schedules except under the following provisions:

1. Changes in registration must be approved either electronically or in writing by the student’s adviser or other designated official according to procedures specified by the Registrar.

   a. The consent (either electronically or in writing) of the student’s adviser is required for all changes in registration and that consent indicates that the proposed change is approved or not approved.

   b. Once adviser consent has been obtained, the student must finalize all changes in registration either electronically or by submitting the appropriate paper forms to the Registrar.

2. No student, former or new, may enroll in any class announced for the semester after the second week of instruction of that semester.
3. During the first week of instruction in the College a student may register in a course with the verified consent of his or her adviser.

4. During the second week of instruction a student may register in a course only with the approval of the instructor of the course in question and the verified consent of his or her adviser.

5. During the first six weeks of instruction in the College a student may be allowed to withdraw from a course provided he or she follows the procedure prescribed in item (1) above. Neither the course nor any grade will be entered upon his or her permanent record if he or she withdraws within that period except in cases such as those specified in item (8) below.

6. After the sixth week of instruction a student may withdraw from a course as indicated above if he or she does so prior to the end of the tenth week of classes and shall, within that period, have the grade of “W” recorded for the course. The grade of “W” may be altered in cases such as those specified in item (8) below.

7. Commencing after the tenth week of classes the grade of “F” shall be recorded for any withdrawals unless the Board of Review finds reasonable cause, such as family distress, serious illness or other emergency. (See Ch. V, Art IV, Sec. 2.)

8. In cases of alleged academic dishonesty involving work for a course, any withdrawal from that course will not be final unless and until the student is shown not to have committed academic dishonesty.

9. Students registering in courses with variable credit shall be held to the amount of credit for which they are registered at the end of the second week of instruction in each semester.

10. Changes initiated by an instructor in a laboratory section within the framework of a given course shall not be considered a change in registration, but such changes must follow the procedure prescribed in item (1) above.

11. The instructor of a class may have a student without an authorized absence removed from the class roster if the student fails to attend the class in the first calendar week that it meets. It is the student’s responsibility to notify the instructor of an authorized absence. The instructor must notify the student and the Registrar of the intent to remove the student from the class roster at least 24 hours before he/she is removed from the class roster. The instructor must contact the Registrar to finalize the process when all criteria for removal have been met.

Section 4. Withdrawal from College

A student may withdraw from the College at any time up to the end of the sixth week of college as that date is defined by the College and not have any classes indicated on his or her transcript. Similarly, a student may withdraw up to the end
of the tenth week of classes and receive a grade or grades of “W”. The student is encouraged to meet with the Dean of Students prior to withdrawing.

A. After that time a student may not withdraw with grade/s of “W” except for reasonable cause, such as family distress, serious illness, or other emergency. (See Ch. V, Art. IV, Sec. 6a.)

B. After the tenth week of classes the student must initiate a request for withdrawal with the Dean of Students and the circumstances related to the withdrawal must be assessed by the Board of Review.

Section 5. Leave of Absence

A. A regularly enrolled student who is in good standing and who wishes to be granted a leave of absence from the College for a maximum of two consecutive semesters must file a written request with the Board of Review for reasons indicated below:

1. Medical reasons.

   The request for a leave for medical reasons and subsequent return to the College requires the recommendation of the Dean of Students acting with the advice of the Health Center Director or Director of Counseling.

2. Financial reasons.

   The request for a leave for financial reasons and subsequent return to the College requires the recommendation of the Dean of Students acting with the advice of the Dean of Admission and Financial Aid.

3. Academic leave.

   a. An academic leave is a period of absence from the College during the regular academic year for the purpose of study in a foreign or domestic program of another educational institution, either as a full-time or part-time student.

   b. Applications for leave for participation in a foreign study program require application to and approval of the study plan by the International Studies Planning Committee.

   c. Applications for academic leave to complete work in a domestic program of another school must include a program of study approved by the student's adviser and the Registrar.

   d. Academic leaves are subject to the following restrictions:

      i. Students whose total academic program has been at Whitman (i.e., who have entered as first-year students) may be granted up to two semesters of academic leave in order to participate in off-campus study.
ii. Transfer students who have been admitted as sophomores (i.e., 27-57 credits) or who have completed a full year at another school may be granted no more than one semester of academic leave.

iii. Transfer students who have been admitted as juniors (i.e., 58 or more credits) shall not be eligible for academic leaves.

4. Other reasons.

A leave of absence for reasons other than the above may be submitted directly to the Board of Review.

B. A student on leave of absence has permission to re-enter the College in the semester immediately following the expiration of the leave; however, a student on leave for medical reasons or financial reasons must obtain the approval of the Dean of Students. While on leave, the student is expected to meet deadlines with respect to room reservations, advance deposits, or withdrawal from the College as stipulated for regularly enrolled students.

C. A student wishing to extend the period of leave shall submit a petition to the Board of Review during the last semester of his or her leave except that an academic leave may not be extended beyond the limitations stipulated above.

1. If the student extends the period of leave without authorization, he or she will be withdrawn from the College.

2. A leave of absence is automatically cancelled if a student registers in a collegiate institution without completing the procedures required for an academic leave.

D. A student granted a leave may terminate the leave and return to the College provided the Registrar is notified of his or her intention not less than 60 days prior to the beginning of classes for that semester.

E. A student on leave may not be in residence on the campus or participate in the regular activities of the College.

Section 6. Maximum and Minimum Credits for Registration

Regular students normally take no fewer than 12 and no more than 18 credits, to insure adequate progress in their programs and to avoid excessively taxing their capacities. (See Ch. V, Art. V, Sec. 1.)

A. Permission to register for more than 18 credits may be granted by the Board of Review upon written petition by the student. Contingent on advisor approval, the Board may delegate authority to the Registrar to allow the student to register for as many as 21 academic credits, provided that the student qualifies with a specified previous academic performance.

B. The 18 credit maximum shall be exclusive of activity courses specified by the faculty. (See Sec. 7 below.)
Section 7. Credit Allowances and Restrictions

A. No credit may be earned in Whitman College except for the satisfactory completion of courses approved by the faculty. Further, no credit shall be allowed beyond the maximum stipulated in respective course descriptions.

B. Activity Credit: A maximum of 16 credits in activity courses will be allowed toward the minimum of 124 credits required for the degree.

1. A maximum of eight credits will be allowed in any one of the following categories:
   a. Dance (Dance 125 through 360)
   b. Sports Studies, Recreation, and Athletics activity courses (see Sports Studies, Recreation and Athletics entry in the Courses and Programs section for a complete listing of activity courses).

2. A maximum of 12 credits will be allowed in any one of the following activity categories:
   a. Theatre (Theatre 231, 232)
   b. Rhetoric Studies (Rhetoric Studies 121, 221, 222) (01/25/12)
   c. Music (Music 211, 212, 231, 232, 241, 242, 251, 252)

C. Applied Music Credit: A maximum of eight credits in any one or combination of Music 163, 164, 173, 174, 263, 264, 463, 464 or their equivalent, except that performance emphasis music majors are required to complete 10 credits in applied music.

D. Foreign Languages Placement: Students who have previously studied a foreign language in secondary school, college or elsewhere must take a placement test before enrolling in a course in this same foreign language at Whitman College.

1. Each language area places students in the appropriate level of language study after considering the results of the placement examinations and the individual circumstances of the student.

2. Students with no previous language experience are not required to take the placement examination.

3. Students who have already taken a foreign language course at the college level cannot repeat the same level course and receive transfer and Whitman credit for it.

   a. Assignment into the appropriate class level of students who wish to continue studying that language at Whitman will be based on placement test results.
b. Repeat of equivalent course work will result in Whitman credit with the forfeiture of equivalent transfer credit.

E. Advanced Placement/International Baccalaureate Credit: The College's standard policy for College Board Advanced Placement (AP) Exams is to award a maximum of eight degree credits for each subject test on which a score of 4 or higher is earned. Similarly, for International Baccalaureate (IB) exams a maximum of eight degree credits will be awarded for each program examination on which a score of 5 or higher is earned. (10/27/2010)

1. Departments may establish a modified policy which requires a higher score or imposes additional conditions before credit from either AP or IB is awarded. With the approval of the Curriculum Committee, Departments may elect not to award any such credit. All exceptions to the standard policy will be clearly stated in the College Catalog. (10/27/2010)

2. Credit levels and course equivalencies, where applicable, shall be determined by the Departments but are subject to review by the Board of Review for consistency and appropriateness. These courses may be applied towards the 124 credit degree requirement, but may not be used to satisfy Distribution Requirements. A maximum of one year's credit (30 semester hours) may be accepted as general degree credit).

F. Transfer Credit: a maximum of 70 semester credits from another accredited collegiate institution may be credited toward a Bachelor's Degree. However, Whitman does not award credit for course work completed in high school classroom and appearing on a transcript from a college or university.

1. Those 70 credits may include any credit allowed for military service, advanced placement, etc.

2. A maximum of 62 credits from an accredited junior or two-year community college may be credited toward a Bachelor's Degree.

3. No credit will be granted for courses, including distance education courses, taken at another institution while the student is in residence in Whitman College, unless formal permission to register for such courses is obtained by the student from his or her advisor and from the Registrar prior to registration in such courses. Nothing in this rule makes mandatory the granting of any credit by the College.

4. All transfer work accepted by Whitman College shall be applied toward a Whitman degree only on the basis of number of accepted credits; that is, the quality of work, indicated by numerical scores or letter grades, completed in other collegiate institutions shall not be made a part of the student's Whitman record. However, credit, to be transferable, must be earned with at least the equivalent of a C- grade at Whitman College or, in the case of pass-fail courses, with a grade of "Pass."

5. Students failing to provide the Registrar's Office with transcripts of registration in other collegiate institutions, including records of distance
education and registration in summer sessions, may be guilty of unethical conduct and such failure may result in disciplinary action, including cancellation of registration or dismissal from the College.

G. Foreign Study Credit: A maximum of 38 semester credits (19 for one semester) from foreign study programs, including the affiliated programs of the College, may be applied toward degree requirements.

1. Credit earned on a study abroad program which is not a Partner Program of the College but is designated as an Approved Program by the International Studies Planning Committee may be accepted for transfer within the limits specified above providing that all conditions for the approval of the program of study, participation, quality of work and documentation are met. Whitman College may serve as the credit granting institution for those programs which are designated as Partner Programs or Approved Programs but are not sponsored by credit-granting agencies.

2. Credit may be granted for work completed in a program not on the list of Partner Programs or Approved Programs if approval for participation has been granted by the Off-Campus Studies Committee and the committee recommends the acceptance of credit after a review of appropriate materials presented by the student at the completion of the period of study.

H. Distance Education Work: Not more than 10 credits of distance education will be credited towards a bachelor’s degree provided such is completed at an institution accredited by the University Continuing Education Association.

I. Military Experience: Upon submission of satisfactory credentials, credit for military training and/or experience will be allowed as follows:

1. Four semester credits shall be allowed for successful completion of basic training, provided the period of military service is more than one year's duration; the four semester credits to be allocated as Sports Studies, Recreation and Athletics activity, subject to the general restrictions governing that department’s activity courses.

2. If credit for basic training has been granted to satisfy high school requirements, it may not also be counted as college credit.

3. Credit for military experience in addition to the four credits described above shall be allowed as recommended in “A Guide to the Evaluation of Educational Experience in the Armed Services.”

4. Credit allowed for military experiences, except the four credits allowed in Sports Studies, Recreation and Athletics for basic military training, shall not count in satisfaction of any specific degree requirement except total credits.

Section 8. Registration in Unscheduled Courses
Upon petition to the Board of Review, a student enrolled in the College may be permitted to register in courses listed in the catalog but not currently offered for general registration if approval has already been received from the faculty member who would direct the work of such a course. Such registration shall be subject to all of the regulations pertaining to registration in the College.
Article II. Classification of Students

Section 1. Regular Students

Regular students are those who are admitted to pursue a degree program with the assumption that they complete such a program in approximately eight semesters. Regular students normally take no fewer than twelve and no more than eighteen academic credits to ensure adequate progress in their degree programs. An average of 15.5 credits per semester is required to complete the 124-credit degree requirements in eight semesters. Regular students are classified according to the number of credits on record as follows:

- First-year: 0-26
- Sophomore: 27-57
- Junior: 58-89
- Senior: 90 or more but not graduated

Seniors in their final semester at Whitman who need eight or fewer credits to complete degree requirements may petition the Dean of Students to be granted Regular student status on a pay-per-credit basis. All requests for this status must be submitted to the Dean of Students by the end of the registration period.

Section 2. Special Students

Special students are regularly admitted students who wish to pursue a degree program but for certain reasons can do so only at the rate of one or two courses per semester. Applications for Special student status must be submitted to the Dean of Students prior to the end of the registration period of the semester in which they are requesting this status. Special students may not represent any College organization, participate in intercollegiate athletics, and are not eligible to be pledged to or hold active membership in organized social groups, except by permission of the Dean of Students.

Section 3. Non degree-seeking students

Non degree-seeking students are those who are approved by the Office of Admission to take certain courses at Whitman College but not to pursue a degree or program. Non degree-seeking students may not represent any College organization, participate in intercollegiate athletics, and are not eligible to be pledged to or hold active membership in organized social groups. If non degree-seeking students wish at any time to become regular students they may apply to the Committee on Admission and Financial Aid in the usual way. Generally, non degree-seeking students may not maintain residence in College housing.

Section 4. Post-graduate students

Post-graduate students are those who hold a bachelor's degree and are admitted to pursue further academic work.
Section 5. Auditors

Auditors are persons admitted to courses but not for credit. Auditors are not allowed in “activity” courses or in courses with studio or laboratory exercises. A regular or special student may audit courses with the written consent of his or her adviser and of the instructor concerned and without formal registration in the audited courses. Non degree-seeking students who wish to audit courses and those admitted to the College solely as auditors must secure the written consent of instructors concerned. The College does not keep permanent record of audited work.
Article III. Examinations

Section 1. Rules for the Conduct of Examinations

The responsibility for supervision and regulation of examinations rests with the instructors of the classes examined. The instructors shall make clear to the class the conditions of the examination.

Section 2. Cheating in Examinations (See Ch. V, Art. IX)

Section 3. Evaluation of Students

A. Methods of Evaluation

1. Each instructor shall provide for the adequate evaluation of the work of students in each of his or her classes.
   a. It is expected that this will include a final evaluative exercise unless the instructor deems it impractical or unnecessary.
   b. A variety of evaluative exercises may be used which include but are not limited to written or oral examinations, take-home examinations, papers, and oral reports.
   c. In all cases the students in the class shall be informed of the methods of evaluation at the beginning of the course.

2. The instructor of each course intending to administer a final evaluative exercise is required to inform the Registrar in order to facilitate the preparation of an accurate final examination schedule and classroom assignment.

B. Absence from Final Examinations

1. A student for whom a grade of I (incomplete) was authorized because of absence from a final examination may take such an examination at a later date (Ch. V, Art. IV, Sec. 3). A student who misses a final examination and has no authorized incomplete may not take such an examination at a later date, and the instructor shall determine his or her grade for the course without the final examination.

2. Final examinations for authorized incompletes may be administered off campus at the discretion of the instructor.

C. Time Limit of Examinations

1. No student shall be allowed more than three hours for a final examination.

D. Scheduling of Final Examinations

1. Final examinations shall be given in accordance with an official schedule.
a. No examination shall be given at a time other than that originally designated in the official schedule.

b. Instructors of arranged courses shall schedule final examinations in these courses during the final examination period at times not conflicting with the student's regularly scheduled examinations.

E. Standards of English Usage in Written Work

1. The following statement shall be understood to apply to all written work in all departments: The student will be held responsible for his or her punctuation, spelling, diction, and sentence structure. A notable deficiency in these matters will result in a lowered grade.

Section 4. Senior Assessment in Major (See Ch. V, Art. VI, Sec. 6.)
Article IV. Grading and Grade Reports

Section 1. Final Grades

A. Each course recorded on a student's record (any course in which a student remains registered beyond the 10th week of instruction) shall be assigned one of the symbols indicated below to indicate the final grade for the semester.

1. Graded Courses.
   a. The following letter grades shall be used for courses graded on a regular basis with each grade assigned grade points as indicated:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points per Credit</th>
<th>Grade</th>
<th>Grade Points per Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+ A</td>
<td>4.0</td>
<td>C</td>
<td>2.0</td>
</tr>
<tr>
<td>A-</td>
<td>3.7</td>
<td>C-</td>
<td>1.7</td>
</tr>
<tr>
<td>B+</td>
<td>3.3</td>
<td>D+</td>
<td>1.3</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
<td>D</td>
<td>1.0</td>

<td>D-</td>
<td>0.7</td>
</tr>
<tr>
<td>C+</td>
<td>2.3</td>
<td>F (Failure)</td>
<td>0.0</td>
</tr>
</tbody>
</table>

   b. The grade used depends on the instructor's judgment of the quality of the students work. If the student fails to earn a passing grade, the instructor shall assign a grade of “F” and no degree credit is earned.

   c. All work recorded with these grades is used in the calculation of grade point averages. (Ch. V, Art. IV, Sec. 6.)

2. Non-graded Courses.
   a. The following symbols are assigned no grade points and work so recorded is not used in the calculation of grade point averages:

   P: The symbol P shall be used to designate credit earned in a P-D-F course for which the student has received the equivalent of a C- or higher grade.

   Cr: The symbol Cr shall denote that credit toward degree requirements was allowed for the course.

   NC: The symbol NC shall denote that no credit toward degree requirements was allowed for the course.

   b. Although Cr-NC grades are appropriate for activity courses and P-D-F grades for courses of an academic nature, the faculty may designate specific courses to be graded under either option.
3. Course Requirements Not Completed:

   The following symbols shall be used to indicate courses for which work has not been completed and no credit has been earned:

   X: The symbol X shall be used for courses in which the reporting of a grade has been deferred as specified in Ch. V, Art. IV, Sec. 3.

   NR: The symbol NR shall be used for courses in which the reporting of a grade has been deferred because it was unreported by the instructor, as specified in Ch. V, Art. IV, Sec. 3.

   I: The symbol I shall be used for courses in which a grade of incomplete has been authorized and is pending completion. (Ch. V, Art. IV, Sec. 2).

   W: The symbol "W" shall be used to indicate courses from which a student has officially withdrawn after the 6th week, but prior to the end of the 10th week of classes (Ch. V, Art. IV, Sec. 1A6).

4. P-D-F Grade Option

   a. All students in good standing shall be eligible for selection of courses on a P-D-F basis, but not more than 40 credits from such courses shall be counted toward the completion of graduation requirements, and no more than 1/3 of all credits earned at Whitman College may be taken on a P-D-F basis. Courses taken with the P-D-F grade option cannot be used to satisfy distribution requirements.

      i. During the 10th week of the semester, students may, after consultation with their advisors, change their registration for certain classes to P-D-F.

      ii. A student must complete a special form (paper or electronic copy), have it endorsed by his or her adviser, and file it with the Registrar within the prescribed time to be eligible to take a regularly graded course on a P-D-F basis.

      iii. The P-D-F option may not be applied to any course designated in the catalog as a General Studies course.

   b. Students who register for a course on a P-D-F basis will be assigned a grade of P if they earn the equivalent of an A+, A-, B+, B, B-, C+, C, or C- grade. If a D+, D, D-, or F grade is earned, those grades will be recorded as for any graded course, and used in the computation of the grade point average.
c. Subject to the approval of the faculty, individual instructors may offer certain courses only on a P-D-F or graded basis. Students may register for all courses (except those designated P-D-F courses) on a regularly graded basis.

d. Subject to the approval of the faculty, departments may formulate their own policies with regard to limiting or denying the P-D-F option in courses taken within the student's major subject. Any department may, in an individual case, petition the Board of Review to waive this P-D-F rule for a particular student who desires to major in that department's course of study. If the appeal is successful, the grade of P, D or F will remain on the transcript.

5. Semester Grade Reports

a. Each instructor shall file with the Office of the Registrar a semester-end grade report for every student registered in his or her courses.

b. At the time of filing semester-end grade reports, a supplementary form provided by the Registrar must be filed in conjunction with every grade of F.

6. Grades Upon Withdrawal

a. If a student withdraws from a course or from the College after the 6th week, but prior to the end of the 10th week of classes, he or she shall receive a grade of “W” (Withdrawal). If he or she withdraws or discontinues studies in any course after that date (unless specifically permitted to do so by the Board of Review for reasonable cause such as family distress, serious illness, or other emergencies) he or she shall receive a grade of F. (Ch. V, Art. I, Sec. 4a.)

Section 2. Incomplete Grades (10/24/2012)

A. A grade of Incomplete (I) may be authorized upon petition by a student who has completed at least half of the required work of a course with a passing grade, but who is unable to complete the requirements of the course due to reasons of health or emergency, and for no other reason. Any petition for an incomplete must be submitted prior to the end of the semester for which the incomplete is requested.

B. A student who meets these criteria may initiate a petition in the Office of the Dean of Students for an incomplete for reasons which are consistent with the following guidelines:

- An absence of not more than three weeks due to: a) the death or serious illness of a member of the student’s immediate family, or b) military orders.
- For reasons of health which persist for not more than four consecutive weeks.
The petition must include information concerning the duration of the illness or emergency and indicate how the work not completed is related to the period of illness or emergency. The instructor must provide written verification that at least half of the work has been completed with a passing grade, specify what work is required to complete the course requirements, and indicate whether or not he or she regards the completion of the requirements to be feasible.

The Dean of Students will determine the appropriate action after consulting with the Health Center Director or the Director of Counseling.

Any petition for an incomplete not covered by these guidelines may be submitted to the Board of Review for consideration.

C. When a grade of incomplete has been authorized, the instructor shall record a provisional grade. The provisional grade is the default grade that the student will receive if he or she fails to do the work required to complete the course. As such, it should be calculated assuming a grade of zero on all outstanding work. The result of this calculation in many cases will be an F, and under no conditions should be provisional grade be an A.

Work to be applied toward the final grade in a course with an incomplete must be turned in by the deadlines listed in the next section. If the deadlines are not met, the grade of I will be converted to the provisional grade and will stand on the student’s permanent record. For the period of time between the authorization of an incomplete and its resolution according to the schedule below, the pending incomplete will appear as the grade of I on the student’s transcript.

D. Deadlines associated with incompletes:

- If the student is on probation, a grade change must be reported to the Registrar within three weeks after the last day of final examinations for the semester in which the grade was incurred.
- If the student is in good standing, the requirements of the course must be completed by the end of the third week of classes in his or her next semester in residence.
- Faculty members shall report the completion of such grades to the Office of the Registrar by the end of the fourth week of the semester. The absence of a report from the faculty member by this time will result in the conversion of the grade of I to the provisional grade.
- Students not in residence must complete the requirements for the course no later than six months after the incomplete has been incurred.
- Incomplete grades will be converted to provisional grades for students dismissed from the college.
- A student may petition the Board of Review to extend these deadlines.
E. Students with incomplete grades on their academic records will not be permitted to graduate, even if all other degree requirements have been satisfied. Such students may participate in commencement ceremonies. In this context, the deadlines in section D. still apply.

F. The Dean of Students shall provide a memo to students with incompletes that reviews the college’s policies on incomplete grades and the applicable deadlines within two weeks of the initial authorization of the incompletes.

Section 3. Deferred Grades

A. A report of a grade may be deferred until after the end of the semester upon approval of the Board of Review in response to a formal request from the instructor which demonstrates the impracticability of filing a grade which is dependent, for example, upon a requirement such as the completion of a thesis or special project. The symbol X is used to designate a deferred grade.

B. The Board of Review, in consultation with the instructor, shall in each case establish the date by which deferred grades shall be reported to the Registrar.

C. A report of a grade may be deferred temporarily by the Registrar in situations in which a faculty member has not submitted a grade within four hours of the published deadline. The symbol NR is used to designate a not reported grade, and must be replaced with a standard grade by the faculty member as soon as possible, but certainly no later than the first class day of the semester following the term in which the not reported grades were recorded initially.

Section 4. Grade Changes

A. A grade report after the time that final grades are due becomes a part of the permanent records of the College and may not be subsequently changed by the instructor, the Registrar, or any other official of the institution without first securing the approval of the Board of Review. A faculty member who requests a change in a grade shall submit a brief written statement to the Board of Review clearly and sufficiently stating the basis for the change requested.

B. No instructor shall issue or in any manner give out final grade reports until after the date that all grades are due and filed in the Office of the Registrar.

Section 5. Challenge of Academic Evaluation

A. The evaluation of a student’s academic performance is the responsibility of the person appointed to teach or supervise a course.

B. A student who questions the validity of a faculty member’s evaluation of his or her academic work, should first confer with that faculty member.

C. If the matter is not resolved, the student may confer with the Provost and Dean of the Faculty.

D. The Provost and Dean of the Faculty may, in turn, confer with the faculty member.
1. If this conference does not resolve the issue, the student may petition the Board of Review to consider the case.

2. The Board of Review may decide not to hear the case, or, hearing the case, may take one of the following actions:
   a. Deny the petition.
   b. In the case of an instructor who currently is a member of the faculty, the Board of Review may make recommendations concerning possible solutions to the problem.
   c. In the case of an instructor no longer at the College, the Board of Review may, upon presentation of appropriate evidence, change the grade to Credit or No Credit.

E. If the challenge of academic evaluation involves a question of academic dishonesty, then the rules governing academic dishonesty apply (see Ch. V, Art. IX). In cases of demonstrable academic dishonesty which have come before the Council on Student Affairs, the Council on Student Affairs appeals procedures apply.

Section 6. Grade Points and Grade Point Average

A. For each grade course attempted the grade points are computed by multiplying the number of grade points per credit (see Ch. V, Art. IV, Sec. 1a) by the number of course credits.

B. The grade point averages shall be determined by dividing the total number of grade points earned by the total number of credits attempted which are graded A+, A, A-, B+, B, B-, C+, C, C-, D+, D, D-, and F. The grade point average reported shall be truncated to three decimal places.

Section 7. Mid-Term Grade Reports

A. Each semester each instructor shall file a mid-term grade report in the Office of the Registrar for each student who has earned a D+, D, D-, or F grade as of the date of filing.

   1. This grade report must be submitted prior to or on that date designated as mid-term on the official academic calendar.

   2. Absence of a report shall indicate that the student is not doing D+, D, D-, or F work in the course at the date of filing.

B. The process for reporting mid-term grades shall be established by the Registrar’s Office. After such reports are recorded in that office, the reports shall be sent to the students and the students’ advisers.
C. Mid-term grade reports shall not be used as a basis of administrative actions such as scholastic probation, student activity disqualifications, or establishment of fraternity and sorority initiation eligibility.
Article V. Scholarship Standards

Section 1. Academic Standards

To maintain good academic standing a student must meet the following requirements:

A. Earn a minimum grade-point average of 1.700 each semester.

B. Earn a minimum cumulative grade-point average of 2.000 during the second semester of the first year and subsequently.

C. Subsequent to the first year earn a minimum of twenty-four credits in the two immediately-preceding semesters, except graduating seniors completing degree requirements with a normal load for the final (eighth) semester of study who may complete fewer than twenty-four credits in the previous two semesters.

D. Complete successfully the First-Year Experience: Encounters in the first full academic year after entrance. Any deficiency must be removed not later than the end of the fourth semester of college-level work or by the time the student has accumulated fifty-seven degree credits, whichever occurs first.

E. Maintain a minimum cumulative grade-point average in the major study of 2.000 beginning with the end of the fifth semester of college-level work. A student with a combined major must maintain a minimum grade average of 2.000 in each subject area of the major.

Transfer students, to be in good standing, must meet the minimum grade point average requirements appropriate to their class standing as determined by the number of transfer credits accepted.

Any student who fails to meet the standards listed above, upon vote of the Board of the Review, will be given one of the measures below.

1. Academic Warning

A student who receives an academic warning from the Board of Review must correct the problem in the next semester.

2. Academic Probation (11-10-2010)

A student given academic probation is no longer in good academic standing, and will be dismissed from the College if his or her performance in the next semester in residence fails to meet the minimum requirements for good standing, or fails to demonstrate sufficient progress toward that goal. Normally, a student will not be continued on probation for more than two consecutive terms.

A student on probation is restored to good standing when he or she completes the semester of probation with accomplishments that meet the minimum standards listed above.
3. **Academic Suspension (Requires concurrence of the Council on Academic Standards).**

   A student who is suspended is not allowed to complete registration for classes until he or she has the approval of the Board of Review. To obtain such approval, the student is expected to submit a plan of study that demonstrates the feasibility of completing a degree at Whitman College.

4. **Academic Dismissal (Requires concurrence of the Council on Academic Standards).**

   A student who had been dismissed from the College for failure to be in good standing may be reinstated on probation upon vote of the Council on Academic Standards in response to a formal petition. This petition must state clearly what actions the student will take in order to return to good standing.

**Section 2. Restoration to Good Standing**

A. A student on scholastic probation is deemed to have regained good standing in the College when he or she has completed the semester of probation with a cumulative grade point average appropriate to the semester of attendance in accordance with the scale in Art. V, Sec.1.

B. A student dismissed for low scholarship shall not be registered as a special student or as an auditor unless he or she has been readmitted to the College.

C. A student who in his or her last semester of residence has met all degree requirements, but who in that semester has failed to maintain good scholastic standing, shall not be disqualified for graduation.

**Section 3. Reinstatement**

A. A student who has been dismissed from the College for low scholarship may be reinstated on scholastic probation upon vote of the Council on Academic Standards in response to a petition. Such reinstatement, to be noted on the student's permanent record, shall carry no automatic right of readmission to Whitman College and a student thus reinstated who desires to re-register in the College must apply to the Office of Admission in accordance with the readmission policy of the College.

**Section 4. Recording of Scholastic Action**

Entries on the student's permanent academic record with respect to scholastic action shall be limited to the following:

A. Notations of dismissal for low scholarship, reinstatement, and cleared for graduation shall be permanently recorded on the academic record.

B. Notations concerning academic probation shall be made on the academic record to reflect only the current status of students who are not in good standing, but who are eligible to continue.
C. Notations to show required withdrawal shall appear on the student's academic record unless removed by subsequent readmission to the College.
Article VI. Requirements for Graduation

Section 1. Credits

Every candidate for a Bachelor's Degree must complete courses totaling at least 124 acceptable credits.

A. At least 30 of these credits must be earned in regularly graded courses at Whitman College, apart from all transfer, advanced placement, challenge, P-D-F, and credit-no credit credits.

B. A minimum cumulative grade point average of 2.000 is required on all credit earned at Whitman College.

Section 2. Time Allowed for Completion of Degree Requirements

The 124 credits required for the Bachelor's Degree must be completed in not more than nine semesters or equivalent except that additional time may be allowed in unusual cases by vote of the Board of Review.

Section 3. Residence

Residence as a regular student in Whitman College shall be required of all degree candidates during the last two semesters prior to completion of degree requirements, except that a student who has on record not fewer than 116 credits may be allowed to complete his or her remaining degree requirements subsequent to such residence in the College under the following provisions:

A. such work, not to exceed eight semester credits, must be approved in advance by the student's major adviser and a record of the proposed work filed with the Registrar;

B. the work must be completed in the interim between the student's last residence in the College and the next following fall convocation. See Ch. V, Art. VI, Sec. 7 for modification of residency requirements for participants in the inter-institutional study plans.

Section 4. Conferral of Degrees (05/09/2012)

Degrees are normally conferred at a commencement ceremony in May of each year. The Office of the Registrar, in consultation with the Chair of the faculty, establishes additional dates each year, once in September and once in December, to confer degrees on candidates who have completed all the requirements for graduation over the summer or the fall semester, respectively.

A. Students who are scheduled to graduate in September

1. Are ranked scholastically with those who graduate at the preceding spring commencement;
2. Are expected to participate in the commencement exercises the preceding May

B. Students who are scheduled to graduate in December and who have completed all requirements in seven semesters
   1. Are ranked scholastically with those who graduate at the preceding spring commencement;

   2. Are normally expected to participate in the commencement exercises the previous May; such students may, upon notification of the Registrar’s Office, elect to participate in the commencement exercises the subsequent May.

Section 5. General Studies Program

A. Whitman College, through its faculty members acting as advisers, seeks to assist each student in following a course plan which supports the purpose of the College, as stated in the preamble to Chapter II. Each student is required to develop with the advice and consent of his or her adviser(s), a plan of course work consistent with the guidelines provided below.

B. The General Studies program is intended to provide:
   1. breadth and perspective to allow exposure to the diversity of knowledge,
   2. integration to demonstrate the inter-relatedness of knowledge,
   3. a community of shared experience to encourage informal continuation of education beyond the classroom, and
   4. a context for further study in the many areas appropriate for a well educated person.

C. The General Studies Program consists of the items listed below.

   1. The First-Year Experience: Encounters
      a. Each student shall successfully complete two 4-credit courses in the first year.
      b. First-year students who wish to defer the Core until the sophomore year must receive permission of the Board of Review.
c. Transfer students below the junior standing must complete *Encounters* unless, upon appeal, the Board of Review finds that they have passed comparable courses at another institution.

2. Distribution Requirements
   a. Each student shall successfully complete a minimum of six credits in each of the following areas:
      i. Social Sciences
      ii. Humanities
      iii. Fine Arts

**Article IX. Academic Dishonesty**

**Section 1. Definition of Academic Dishonesty**

Falsification, misrepresentation of another’s work as one’s own (such as cheating on examinations, reports of quizzes), plagiarism from the work of others, or the presentation of substantially similar work for different courses (unless authorized to do so), is academic dishonesty. It is a serious offense. Knowingly helping other students cheat or plagiarize will also be considered academic dishonesty.

**Section 2. Reporting, Procedures and Penalties.**

A. When a faculty member judges that an instance of academic dishonesty has occurred, the faculty member must promptly notify the Dean of Students. The Dean of Students, in consultation with the faculty member, will decide if the student’s actions require a hearing by the Council on Student Affairs. (04/21/10)

B. Shortly after learning that an instance of academic dishonesty has occurred, the faculty member shall notify the student of the determination that academic dishonesty has taken place. At this time the faculty member shall also either schedule a meeting with the student, which must take place promptly and in which the faculty member shall explain the nature of the academic dishonesty and the penalty to be assessed; or the faculty member shall inform the student that the case has been referred to the Council on Student Affairs. If the Dean and faculty member choose the latter option, this faculty member must also at the same time inform the Chair of the Council on Student Affairs of this decision so that the Chair can convene the Council to determine the validity of the charge and the penalty to be assessed. (4/21/10)

1. The requirement that the student meet with either the faculty member or the Council on Student Affairs promptly upon being notified of the determination that academic dishonesty has taken place may be waived in cases where there are extenuating circumstances, such as a holiday break. Any party wishing to obtain this waiver must submit a written request for such a waiver to the Chair of the Council on Student Affairs, and send a copy of this written request to the other party or parties, within two days of the notification of the student that a determination of academic dishonesty has taken place. The Chair shall decide whether or not to grant this request within one day of receiving it, and shall communicate her or his decision immediately to the parties involved along with the revised timetable for the meeting to take place.

2. Withdrawing from a class does not preclude academic dishonesty proceedings from going forward. When the student meets with either the faculty member or the Council on Student Affairs after being notified by the faculty member that the faculty member has concluded that academic dishonesty has taken place in a course for which the student is registered, the student shall also receive notification that any withdrawal from the course will not be final unless and until the student is shown not to have committed academic dishonesty. A student who is shown to have committed
academic dishonesty but whose penalty is less severe than an “F” grade in the course may still withdraw from the course.

C. The student shall have the right to challenge an initial decision rendered by the faculty member regarding the charge of academic dishonesty, for a first offense, by appealing to the Council on Student Affairs. The Council shall then provide a determination of the validity of the charge and the penalty to be assessed, which shall be the final determination unless it is, in turn, appealed.

D. For any meetings of the Council on Student Affairs regarding a case of academic dishonesty, the Chair shall ensure that minutes of the proceedings are generated for the use of the Curriculum Committee in case of an appeal.

E. A decision by the Council on Student Affairs may be appealed by a student who is the subject of disciplinary action by the Council when: (11-10-2010)

1. He or she feels that there has been a procedural error in the discipline process by the Council, or

2. Evidence or information relevant to the case did not arise during the hearing.

If the accused student wishes to appeal the Council's decision, he or she may petition the Chair of the Faculty in writing, within 7 days of the decision, stating which of these two grounds is being used as a basis for the appeal. The Chair of the Faculty will then act on the petition in one of three ways:

1. The Chair of the Faculty may decide to hear the appeal and then rule.

2. The Chair of the Faculty may form a panel to hear the appeal.

3. The appeal petition may be rejected.

F. A report on each case of demonstrable academic dishonesty will be kept on confidential file by the Dean of Students while the student is in attendance at Whitman College. Upon the student’s graduation the report will be destroyed. The purpose of reporting cases of demonstrable academic dishonesty is to provide a record in order to discourage repeat offenses and also to facilitate identification of repeat offenders. All meetings and deliberations pursuant to items (a) through (f) of this policy shall be otherwise kept strictly confidential.

G. Penalties for academic dishonesty are as follows:

1. In a case where academic dishonesty has been committed by a student concerning his or her own course-work, and where a hearing by the Council on Student Affairs is deemed unnecessary, the faculty member teaching the course in question shall have the discretion to decide what punitive measures to take with a maximum penalty of a grade of “F” in the course. (04/21/10)
2. For a first offense, in a case where academic dishonesty not concerning the student’s own course-work has been committed by the student, the Council on Student Affairs shall determine the penalty.

3. A subsequent offense of any sort may result in expulsion from the College.

4. A student who is found to have committed academic dishonesty in a course from which he or she has withdrawn shall have this provisional withdrawal cancelled, and shall be penalized in accordance with the above guidelines.

H. All regulations regarding academic dishonesty will be published clearly in the Whitman College Student Handbook.

It is the student’s responsibility to notify the instructor of an authorized absence. The instructor must notify the student and the Registrar of the intent to remove the student from the class roster at least 24 hours before he/she is removed from the class roster. The instructor must contact the Registrar to finalize the process when all criteria for removal have been met.

The names of students involved in such organized activities shall be reported to the faculty by the faculty supervisors of the activities well in advance of each event which necessitates absence from classes, together with other necessary information, such as dates of absence and the specific purpose of the activity.

Section 4.  Absence of an Entire Class

Permission for an entire class to be absent from the campus must be obtained from the Associate Dean for Academic Affairs. The names of students involved in such class absence shall be reported prior to the date of the absence to the Associate Dean for Academic Affairs by the faculty member in charge.

Section 5.  Individual Authorizations for Absence

The Dean of Students shall be empowered to authorize absences from classes and, if necessary, from the campus for individual students in cases of exigency.

Instructors shall be notified of all authorized absences. The instructor shall, at his/her discretion, but without penalty to the student, provide opportunity to
students to make up work missed during authorized absences or assign comparable work in lieu of that missed. If a student’s authorized absences total more than 20% of class meeting time, it shall be at the discretion of the instructor to further accommodate the student in one of the aforementioned fashions. Authorized absences shall not relieve students of the responsibility of making up work missed or performing comparable work in lieu of that which they missed.

Section 7. Absence for Senior Assessments

A student is authorized to be absent from all classes scheduled for the day or days on which he or she takes the senior assessment in the major (Ch. V, Art. VI, Sec. 6).
