

Financial Aid

Whitman College provides a comprehensive, diversified financial aid program — including scholarships, grants, employment opportunity, and loans — to assist in financing a college education. Awards take into account a variety of circumstances: some are based on need alone, some on merit alone, but most are based on a combination of both elements. The college spent approximately \$24 million last year in support of student financial aid.

Many economists have pointed out the enormous potential return from an investment in an education at a top liberal arts and sciences college. At Whitman, we expect that students and families will consider the many loan programs that are available for financing this investment, without incurring excessive levels of debt.

Financial assistance for Whitman students derives from the resources of the college, outside private and corporate sources, and state and federal governments. Federal aid programs include Pell Grants, Supplemental Educational Opportunity Grants, Federal Work-Study, Stafford Loans, and Perkins Loans. The state of Washington offers State Need Grants, College Bound Scholarships, and state work-study program.

Awards to students with need are based on financial information provided on the College Scholarship Service (CSS) Profile and the Free Application for Federal Student Aid (FAFSA). Dependent students must complete both the CSS Profile and the FAFSA. Independent students must only submit the FAFSA.

Financial aid awards are made for one academic year, and with the expectation that the student will be enrolled full-time. However, if the student is receiving merit-based aid, that aid will be available in successive years. Students who receive need-based aid must reapply in subsequent years to determine their eligibility for all forms of financial aid. Financial aid (both merit and need-based) is available for eight semesters at Whitman or, in the case of students transferring credits to the college, the equivalent of eight semesters when transfer credit and Whitman attendance are combined (regardless of whether or not financial aid was received at the previous institution). For financial aid purposes only, 15 credits is the equivalent of one semester. If a student is unable to earn the necessary credits to complete degree requirements in eight semesters, the student may petition the Admission and Financial Aid Committee for a ninth semester of financial aid (see *Residence*).

Running Start and Similar Programs

Students who earned credits from Running Start (either Washington's Running Start or a similar program from another state) will choose one of the following two options: (1) transfer all Running Start credits so as to be enrolled at Whitman at the class level and with the financial aid availability consistent with the number of credits (Running Start and any post-secondary) transferred to the college. Those transferring fewer than 58 credits to Whitman must complete General Studies 145 and 146 in their initial year of enrollment. (2) Transfer no more than 14 Running Start semester credits and be considered first-year students for purposes of financial aid availability if they complete General Studies 145 and 146 (i.e. "Encounters") during their initial year of enrollment at Whitman (See Financial Aid Website).

Students must declare to the Registrar whether they plan to choose between option 1 or 2 during their initial registration at Whitman. However, to give students a chance to reconsider their decision in light of their Whitman experience, the choice will not become official until the end of the student's second semester of coursework. Should a student choose option 2 at this point, he or she will be required to complete General Studies 145 and 146 (i.e. "Encounters") within his or her next two semesters of enrollment at Whitman.

Filing Deadlines

Students should file a Profile and a FAFSA according to the schedule below. If you are late applying for financial aid, you could be put on a waiting list for scholarship.

CSS Profile (for Whitman Need-Based Scholarship):

- Early Decision I candidates and Spring semester Transfers submitted to CSS by November 15
- Early Decision II candidates submitted to CSS by January 5
- Regular admission candidates submitted to CSS by January 15

- Fall semester Transfer candidates submitted to CSS by March 1
- Returning students submitted to CSS by April 15
- Returning students must complete their financial aid file by May 1, including tax returns. See below.
- The Profile must be submitted online at www.collegeboard.org.

Whitman's CSS code is **4951**.

FAFSA (for Federal and State Aid):

- All students should file the FAFSA as soon as their parents (in the case of dependent students) or the student (in the case of an independent student) file the previous year's tax return — but no later than May 1.
- The FAFSA should be submitted online at www.fafsa.ed.gov. If both the student and at least one parent have a FSA ID, they may use the FSA IDs to sign the form online. Otherwise, the signature and certification page need to be printed out, signed, and submitted to the federal processor.
- We highly recommend that you use the IRS Data Retrieval tool on the FAFSA. It will automatically populate the income questions with IRS data from your last tax return.

Whitman's federal code is **003803**.

Income Tax Returns:

Income tax returns are not required of all need-based aid applicants, but if your parents are self-employed or own a business, we may request a complete copy of their most recent federal tax returns including all schedules, W-2s, and business returns. All requested tax documentation must be received by May 1.

Late applications will be considered and additional offers made to late applicants only to the extent that aid funds are available.

Financial Aid Probation

In order to receive financial aid funds from Whitman College, the federal government, and the state of Washington, students must make satisfactory academic progress (SAP) toward completing his or her degree.

Satisfactory academic progress includes 1) completing a minimum number of *cumulative* credits; 2) maintaining a minimum *term and cumulative* grade point average; and 3) completing a degree within a reasonable period of time.

I. Minimum credit requirement

All students receiving financial aid must **complete at least 66.66 percent of the cumulative credits** that they attempt **each semester**, in order to maintain satisfactory academic progress.

Note: Recipients of Washington State aid must successfully complete 50% or more of their attempted credits each semester. Completing less than 50% of attempted credits will trigger immediate suspension of state aid eligibility. Any less than 100% completion will result in the student being placed in a warning/probationary status for the following semester.

During the warning/probationary period for state aid, the student is expected to complete 100% of attempted credits; if not, suspension of state aid will ensue, with the possibility for appeal. If approved for an additional semester of state aid probation, the student could receive aid for one more semester, again with the expectation that 100% of attempted credits be completed. If the student fails to complete 100% of attempted credits in this probationary semester, the student will no longer be eligible to receive state aid.

II. Minimum term and cumulative grade point average

Students must earn a **minimum GPA of 1.7 each semester** and a **minimum cumulative GPA of 2.0 during their second semester at Whitman and subsequently**. Transferred credits, including those received during foreign or domestic off-campus study, do not count in the calculation of the cumulative and term grade point average, but they are included in the calculation of both attempted and completed credits.

III. Maximum time frame

Whitman scholarships are awarded for four years (the equivalent of eight semesters in total). In order for a student to finish his or her degree within the four years, at least 31 credits or more should be finished each year. Transfer students will be eligible to receive institutional scholarships based on the class standing they are assigned upon admission and evaluation by the registrar's office (i.e., a junior transfer student will have two years of scholarship eligibility). Students are eligible to receive federal and state financial aid until they have **attempted a maximum of 150% of the minimum number of credits required for the degree (186 credits), or completed all the requirements to receive their degree.**

Students who do not meet the above standards will be placed on Financial Aid Probation. The maximum period of financial aid probation is two consecutive semesters, during which time a student will maintain eligibility for financial aid. If a student does not resume good standing and/or make satisfactory progress after two consecutive semesters of probation, he or she will lose eligibility for Whitman-administered financial aid. A student who loses that eligibility may appeal for reinstatement to the Admission and Financial Aid Committee.

Please note: These policies govern financial aid and do not have any bearing on your Whitman academic standing as they are separate policies. The College's catalog has more information on academic requirements.

General Whitman Scholarships

Whitman scholarships, awarded by the college (one-half each semester), are gifts which are credited to the recipient's tuition, room, and board charges. A scholarship is not a loan, and its acceptance places the recipient under no more obligation than that of remaining in good academic standing and making satisfactory progress toward graduation. A complete statement of the conditions of the offer is included with the offer of a need-based scholarship award.

Other Gift Aid Available

The Supplemental Educational Opportunity Grants (SEOG), Pell Grants, Washington State Need Grants, Washington State Opportunity Scholarships, and College Bound Scholarships are gift aid provided by the federal and state governments. All programs are based on financial need, and none require repayment. Unless a recipient's need changes later in the year, Whitman's original award of gift aid (Whitman scholarship and/or federal/state grants) is a one-year commitment to that amount of total gift aid. The award may be made before information regarding the applicant's qualification for gift aid outside the college is known. When the applicant later qualifies for governmental gift aid, such as the SEOG, a Pell Grant, or state need grant, Whitman's scholarship award will be reduced by the equivalent amount, thereby freeing funds so that more students may be helped.

Loan Opportunities

Several types of loan funds are available through the college. Those, including the Perkins Loan and Direct Loans, are regulated by the federal government. Each program has some unique features: The Perkins Loan is a program of borrowing for students who demonstrate a high degree of need. The student has the obligation to repay the loan, after leaving college, at an interest rate of 5 percent and a minimum payment of \$50 monthly. The Direct Loan program may be need-based or non-need-based. Within a 10-year period following college attendance, the student is obligated to repay the loan with a minimum monthly repayment of \$50. As of July 1, 2016, new subsidized and unsubsidized Direct loans will have a fixed interest rate of 3.76 percent (interest rates are subject to change).

Students may borrow private or alternative loans to help with their educational expenses, when the amount of their financial aid does not meet their required level of funding.

Several major banks and lending institutions offer private loan programs. The interest rates and applicable fees vary, and we suggest that students and parents carefully read the information provided about the loans before making a decision about which loan program to choose.

Interest on the loans is the responsibility of the family throughout the life of the loan, but may be deferred along with the principal until the student leaves higher education. The Office of Financial Aid Services welcomes your questions about private loans, and will be happy to assist you with the application process.

Short-term loans are available through the Student Accounts Office to meet sudden financial needs confronting students.

Whitman encourages students and their parents to use loan funds wisely. Loans place some responsibility for financing higher education on the student, enabling him or her to receive financial assistance when needed and to pay some of the cost of the education at a time when he or she is better able to do so. Consequently, the college expects to give students reasonable financial help in the form of loans. Students should not exceed the amount they need to meet educational expenses when borrowing. Inquiries are welcome and should be sent to the Office of Financial Aid Services.

Employment Opportunities

All Whitman students who apply for financial aid and have need are offered employment opportunities. The offer of federal work-study opportunity often gives a student priority treatment in acquiring part-time work; however, jobs are not guaranteed. There is considerable competition for the most “desirable” jobs. For a current listing of job opportunities, please visit the Student Engagement Center’s website at www.whitman.edu/student-life/student-engagement-center

Named Scholarship Funds

Thanks to the generous support of Whitman alumni and friends, the college awards more than \$24 million annually in scholarship assistance to its students. Scholarship funds are provided from both named endowments and annual contributions. Scholarship awards are based on financial need and/or merit. In the fall of each academic year, students are notified of the specific funds from which their scholarships are drawn. Named scholarship funds are listed below:

Special Scholarship Programs

Alexander J. Anderson Scholarships are merit-based scholarships awarded to entering students who have achieved high academic excellence in their college preparatory work. These awards for the current year are \$14,000 and are renewable for four years. Students who receive need-based financial aid will be awarded the Alexander J. Anderson Scholarship as part of their need-based financial aid package. Those students who do not demonstrate need will receive the Alexander J. Anderson Scholarship and any other merit-based scholarships for which they qualify. All applicants for admission are considered for the scholarship. The award is based upon a calculation of grade-point average, SAT or ACT scores, and subjective criteria.

Walter Brattain Scholarships are merit-based scholarships awarded to entering students who have achieved high academic excellence in their college preparatory work. These awards for the current year are \$15,000 and are renewable for four years. Students who receive need-based financial aid will be awarded the Walter Brattain Scholarship as part of their need-based financial aid package. Those students who do not demonstrate need will receive the Walter Brattain Scholarship and any other merit-based scholarships for which they qualify. All applicants for admission are considered for the scholarship. The award is based upon a calculation of grade-point average, SAT or ACT scores, and subjective criteria.

Campbell Music Scholarships are awarded to a select group of entering students in recognition of exceptional musical talent and achievement. The general purpose of this scholarship program is to recognize students who will contribute to the excellence of the Whitman music community. More specifically, the Campbell Music Scholars will contribute through the study of the instrument or voice on which they have successfully auditioned and through performance in the appropriate college ensemble, chamber orchestra, choir, or band. The minimum scholarship award is \$500 annually; the maximum is \$4,000 annually.

The **Paul Garrett Scholarships for Men** were created with a gift from the Paul Garrett Whitman College Trust, which also provides for admission recruitment in areas removed from Washington, for travel of scholarship candidates to the college, and for a trip for the Paul Garrett scholars to New York City to visit financial and business centers. Students who do not demonstrate need will receive a \$4,000 scholarship. Both the merit-based and need-based awards are renewable for a total of eight semesters, including semesters transferred from other colleges and universities. Students who have demonstrated need will receive 100 percent of their need in gift aid, which may include federal or state grants as well as the Paul Garrett Scholarship. Scholars are those “whose personal qualities and records of achievement hold promise that they will assume roles of constructive leadership in business and industry in their mature lives.” Awards are not limited to those ready to declare vocational aims, but it is hoped that there will be a significant number of Paul Garrett Scholars who will later emerge as responsible leaders of business and industry. Paul Garrett '13 was vice president and director of public relations for General Motors Corporation.

Lomen-Douglas Scholarships are awarded to selected applicants from backgrounds that are underrepresented at Whitman College. The scholarship (combined with other scholarship and grant aid) is in an amount designed to advantage the applicant.

Pearson Scholarships are merit-based scholarships awarded to entering students who have achieved high academic excellence in their college preparatory work. These awards for the current year are \$12,000, and are renewable for four years. Students who receive need-based financial aid will be awarded the Pearson Scholarship as part of their need-based financial aid package. Those students who do not demonstrate need will receive the Pearson Scholarship and any other merit-based scholarships for which they qualify. All applicants for admission are considered for the scholarship. The award is based upon a calculation of grade-point average, SAT or ACT scores, and subjective criteria.

Stephen B.L. Penrose Scholarships are merit-based scholarships awarded to entering students who have achieved high academic excellence in their college preparatory work. These awards for the current year are \$13,000, and are renewable for four years. Students who receive need-based financial aid will be awarded the Stephen B.L. Penrose Scholarship as part of their need-based financial aid package. Those students who do not demonstrate need will receive the Stephen B.L. Penrose Scholarship and any other merit-based scholarships for which they qualify. All applicants for admission are considered for the scholarship. The award is based upon a calculation of grade-point average, SAT or ACT scores, and subjective criteria.

National Merit Scholarships are awarded to selected National Merit finalists with Whitman as the sponsoring organization. The college awards \$1,000, plus any merit-based scholarship the student is eligible for, to students who do not apply for, or who do not qualify for need-based scholarship. Students who demonstrate need will receive an additional \$2,000 in National Merit Scholarship.

President's Scholarships are awarded to entering students in recognition of exceptional talent. Students may qualify for a President's Scholarship in any of the following talent categories: academic, art, or drama. Scholarships in the program meet all of the student's demonstrated need when combined with other scholarships or grants from any other sources and vary from \$4,000 to the amount of demonstrated need. President's Scholarships for students without need will be \$4,000.

The **Claire Sherwood Memorial Scholarships for Women** were established in the memory of Claire Sherwood by her parents, Donald and Virginia Sherwood. Recipients of these scholarships are outstanding women students who are both deserving and needy. Women students without demonstrated financial need will be awarded \$4,000. Students who have demonstrated need will receive 100 percent of their need in gift aid, which may include federal or state grants as well as the Claire Sherwood Memorial Scholarship. The scholarship is renewable for a total of eight semesters, including semesters transferred from other colleges and universities. Claire Sherwood Scholars, like Paul Garrett Scholars, visit New York for a career enrichment experience. Their expenses for the trip are paid by the scholarship program.
