Welty Center — Counseling

Licensed Professionally trained counselors are available to provide personal and psychological counseling to students at no charge. Counselors assist individuals and groups with personal and academic concerns, interpersonal relationships, and other areas that may interfere with their success at Whitman. The center works on a short-term counseling model. Students work with their counselor to develop goals. Together they work out appointment times and length of counseling. Physicians at the Welty Health Center clinics are available to students for medication evaluations. Mental Health Nurse Practitioners are available in the community as a resource if needed. The Counseling Center offers one-to-one and group counseling. In addition to this service, there are a number of personal growth opportunities, in the form of workshops and programs on a variety of topics. Whitman has supervised peer-counseling program, which provides additional resources and support for students and student group. All counseling is confidential.

Welty Center — Health Services

The on-campus Health Center, with a 12-bed capacity, is staffed by nurses around the clock. During the academic year, the Health Center serves as a facility for the management of minor injuries and illnesses, and it offers student overnight rooms for health-related conditions not requiring hospitalization. Illness prevention and health education are emphasized.

The Health Center medical providers maintain regularly scheduled hours on campus Monday-Friday. The providers may refer students to outside resources if indicated. Limited postoperative care may be provided at the Health Center. The Director of the student Health Center, who is a registered nurse, is also available to see students on a walk-in basis for nursing assessment and referral. **All degree seeking students may access Health Center resources and may see the Health Center staff without charge.** If a student wishes to consult a private physician, the Health Center staff may recommend competent local specialists when requested to do so. Whenever a student is treated away from the Health Center, the expenses incurred will be the student's responsibility.

Services at the Health Center include: reproductive health care, including PAP smears and contraception, anonymous HIV testing, a dispensary for prescribed medication, allergy antigen regimens/shots prescribed by home physicians, travel consults, vaccines, and nutritionist.

Accident and Health Insurance

All Domestic and International Students are recommended to have insurance with a U.S. based health insurance company that will pay benefits in Washington State.

If you need help in finding information about available plans or have questions regarding a plan, refer to the Welty Center website at, www.whitman.edu/offices-and-services/health-center/insurance or feel free to contact the Director of the Welty Student Health Center, for assistance.

It is the student's responsibility to understand their insurance plan and know how to access coverage. We advise that each student carry a personal insurance card at all times.

If hospitalization or outside medical services are needed, the Health Center will assist the student in locating suitable medical treatment. The cost for such outsourced medical treatment, however, must be assumed by the student.

Whitman College provides "secondary" accident insurance for students participating in varsity intercollegiate athletics. This coverage is available to varsity athletes that sustain an injury during scheduled and supervised athletic activities. As a secondary insurance, the varsity athletics accident insurance policy will only pay medical bills after

they have been processed by the student's primary personal insurance. Please contact the Head Athletics Trainer, at 509-527-5590 for more information.

Office of the Interfaith Chaplain

The Office of the Interfaith Chaplain works closely with the Intercultural Center offering programming which serves to promote religious diversity and dialogue on campus through speakers, service, interfaith discussions, worship services, etc. The Office provides opportunities to explore the important relationship between learning and spirituality, deepening the connection between the work of the mind and the interior self. We serve people of all faiths, the non religious, as well as those exploring spirituality in their lives. Working closely with students, faculty, and administration, the Office of the Interfaith Chaplain is an advocate for religious pluralism at Whitman, responding to instances of bias, and promoting the accommodation of holy days, religious dietary needs, etc. Also functioning in a pastoral role, the chaplain provides confidential counseling and responds in moments of crisis or tragedy on campus.
