**Students Who Need Help Accessing Resources and Technology**

Whitman is committed to providing all students with equal access to technology. If you need assistance accessing resources or technology, please contact the IT Help Desk by email at tech_support@whitman.edu or by phone at 509-561-1891. The IT Help Desk is available to all students and provides support for accessing technology resources, including computer equipment, software, and online learning platforms. They also offer assistance with setting up and configuring technology devices, ensuring that all students have the necessary tools to succeed in their academic pursuits.

**Increased Testing and Contact Tracing**

To help prevent the spread of COVID-19, Whitman College has implemented additional testing procedures and contact tracing measures. Regular surveillance testing is now required for all off-campus residents and students living in residence halls. This testing helps identify cases early and implement necessary public health measures to mitigate the spread of the virus. The College has also established a contact tracing team to quickly identify and quarantine individuals who may have been exposed to the virus.

**Essential Services**

Whitman College continues to prioritize essential services during the pandemic. The Residential Life office is available to support students with any questions or concerns regarding their residence halls, including issues related to cleaning, maintenance, and safety measures. The Whitman Today newsletter remains a key source of news and updates for the Whitman community. Students are encouraged to subscribe to stay informed about important events and developments at the College.

**COVID-19 Resources**

For the most up-to-date information on COVID-19, please visit the Whitman College COVID-19 website. This resource includes information on testing, contact tracing, and other important topics related to the safety and well-being of the Whitman community. The College also provides regular updates through the Whitman Today newsletter, offering students and faculty the latest news and guidance during these challenging times.
