Winter Break Security Information

HOLIDAY SECURITY

- If you leave campus during school holidays store your bicycle with residence life.
- If you leave your car on campus find out where you are supposed to park it and remove all valuables from it.
- Place valuables that you cannot take with you out of sight in your room/ apartment/home and unplug all appliances before you leave. Park your car in a well-lit location and leave your keys and contact information with a trusted friend.
- If you stay on campus during break be alert to any suspicious persons around the residence halls, bike racks, or parking lots.
- Call campus security or the police immediately to report any unusual activity.

IF YOU LIVE OFF CAMPUS AND PLAN TO TRAVEL

- Lock doors and windows securely.
- Turn your telephone ringers down low so a burglar won't be alerted to your absence by its ringing.
- Make your house/apartment look occupied; have a friend or neighbor pick up your mail and newspapers, set televisions and lights on timers, leave your blinds, shades, and curtains in their normal positions. Leave your travel itinerary, address and phone number with a trusted friend so you can be reached in case of an emergency. If comfortable, we advise students to leave keys with roommates for vehicles left on campus.

Campus and Community Health

Winter Break Student Building Access

As we prepare to enter winter break, student access to campus buildings will remain in its current approval-required process from now through Dec. 23. Any student who has been approved to be on campus may access the building(s) for which they are approved as long as they have successfully completed the Daily Wellness Check and follow social distancing protocols.

Beginning Dec. 24, all campus buildings will be closed to any student access through the end of the initial spring quarantine period. This includes student employees and students conducting research (with strictly limited exceptions for positions that support the quarantine process, which will be approved through a forthcoming application process). Student athletes should check with their coaches about access to athletic facilities. Closing buildings during this time period will help facilitate a successful campus community quarantine once students return for the spring semester on Jan. 16 and 17.

Campus buildings will open to the general student population on Feb. 1, accessible through the ID card swipe building entrance.
