Due to a Washington state chemical plant emergency, there is a supply shortage of chlorine, cyanuric acid, and other chemicals that are used in swimming pool treatment. Facilities Services has ordered different equipment for chemical pool treatment that will require minimal chemical use and avoid complete shutdown of the pool.

Harvey Pool Closure 7/19 to 8/31

Due to the shortage of chlorine and other chemicals, there is a supply disruption throughout the Northwest which means that the Harvey Pool in off-limits to the public.
