Manage your expectations. Life has this super-awesome habit of not going the way we plan. Get over your pre-conceived notions of how great your life should be so that you don't get disappointed. Things don't always work out the way you hoped... if you don't get that dream internship/job, if you aren't chosen for that dream internship/job, if you don't get straight A's, if you aren't chosen for that dream internship/job, if you don't get your dream job... don't be too hard on yourself if things don't go the way you hoped. Life is always changing like the wind, so give yourself some grace. Your life goals will change over time, so don't be too hard on yourself if things don't go the way you hoped... if you don't get that dream internship/job, if you aren't chosen for that dream internship/job, if you don't get straight A's, if you aren't chosen for that dream internship/job, if you don't get your dream job... don't be too hard on yourself if things don't go the way you hoped.

Welcome Home, Candy!

For the past week of Whitman Today, Candy the corn snake was recovering at home in the Hall of Science. Candy returned to Whitman on Wednesday and is happily continuing her portion of her tail. We are pleased to report that following a successful surgery, Candy is doing well.

Admitted Students Saturdays will take place through May 30. If you see these potential Whitties around campus give them a big welcome wave!
