Whitman Events Calendar

Have a virtual event you'd like to share with campus? Email the details to whitmantoday@whitman.edu.

Campus and Community Health

Clean Hands Save Lives

Regular handwashing is one of the best ways to remove germs, avoid getting sick and prevent the spread of germs to others. Whether you are at home, work or out in the community, handwashing with soap and water can protect you and the people you love.

When soap and water isn't available, hand sanitizer containing at least 60% alcohol is a good alternative.

Read more on how to protect yourself and others from getting sick.

"Whitman Today" is produced by the Office of Communications and is emailed Monday-Friday to Whitman College staff, faculty and students. All times are listed in Pacific Daylight Time.

Submissions are welcome! If you have a professional or personal accomplishment to celebrate, an event to publicize or other content to share with the Whitman community, email whitmantoday@whitman.edu. Submissions should be 125 words or less. The deadline for submissions is noon for the following day's newsletter, though submissions may be held for a later date according to space and editorial needs.
