The Whitman Investment Company (WIC), a student-run fund managing over $1,400,000 of Whitman College’s endowment, is a great opportunity for students to learn and gain experience in finance and investment. Every Wednesday, we hold a weekly lunch meeting to discuss the portfolio, provide finance training, arrange networking opportunities, and take action on any of the positions it holds. There are four levels of participation in WIC, with the opportunity for anyone to be an attendee, member, board trustee or executive. People of all skill levels and majors are welcome, as the focus is to provide opportunities for learning and future employment. The group meets at noon every Wednesday on Zoom; add the meeting info to your phone calendar.
