### Student Name: Jack Doe

**Major(s):** Biology  
**Full OCS Program Name:** University of St Andrews

**Major Adviser(s):** C. Darwin  
**Today's Date:** 1/21/2016

---

#### STUDENT

List all courses you intend to take during your period off campus, including alternates. To determine the number of credits awarded at Whitman, look under “Credits” on the program information on the OCS website. Ask your major adviser to complete the sections about the transferability of OCS credit below. If appropriate, ask the chair of the department of your intended minor to complete the section about transferability of OCS credit (Note: Minors are declared at the beginning of the senior year through the Registrar.) If you are approved to study off campus, this form will be used by the Whitman Registrar to determine how your credits will apply toward your Whitman degree. There is no guarantee for courses/credit not pre-approved on this form. If your OCS courses change, you must contact OCS to obtain approval.

#### MAJOR ADVISERS

Please fill in your recommendation for course transfer credit for each OCS course listed below including Alternate Courses. Major Advisers/Departments determine whether or not OCS courses can apply to the Major. Major Advisers may also make Distribution and General Degree Credit recommendations. The Registrar will review recommendations for consistency.

#### MINOR DEPT CHAIRS

Please indicate Minor Credit approval for relevant courses.

#### CREDIT LIMITS

At least 2/3 of Major Credits and 3/5 of Minor Credits must be earned in residence at Whitman, and some departments are more restrictive. Check the Whitman College Catalog for details.
