

Substance-Free Housing Application

Deadline: March 10, 2023

Full Name: _____

Date _____

Write a brief statement outlining your reasons for wanting to live in a Substance-Free Area.

Participating students will be required to sign a contract agreeing to the standards of a Substance-Free area. Those standards include:

No alcohol, tobacco or illegal drugs may be used. Applications will be accepted on an individual basis; however, applicants may express a roommate preference. Students who accept a space in a substance free area are required to live there. Students agree to neither possess nor use alcohol, tobacco, illegal drugs or to abuse prescription drugs. In addition, residents are responsible for the behavior of their guests.

Students who return to the substance free living area under the influence of alcohol, tobacco, illegal drugs or abuse of prescription drugs, will be in violation of the contract. If residents are found to be in violation of the spirit of this housing, residents will have to move as soon as space becomes available in any Residence Hall.

Members who sign the contract must monitor themselves.
