**Supervisor Time Approval**

To access the time approval screen in ESS, click on “Time Approval”

In the Time Approval area of ESS, you will be able to view, approve, reject, make comments and update your employee’s time. There are multiple ways to do these functions. Any time you approve, reject, make a change, or unapprove a timecard, the system will send an email to your employee that you have done so. (Terminology Tip: “Reject” is used before you approve a timecard to send it back to the employee for changes. “Unapprove” is used after you have approved the timecard and realize that corrections are needed.)

A few general tips about time approval:

- If you are editing time, please note that supervisor screens do NOT save automatically, unlike employee time entry screens. You must “save” your changes as you go along.
- Be mindful of which week you are approving time for as more than one pay period may be open.

If you select apply filters with no filters, all of the employees that you are a time approver for will show up in one list. If you would like to only see time submitted, select submitted. If they do not appear, contact student payroll at studentpayroll@whitman.edu.

Supervisors have the option to approve, reject, or add comments. You have several ways to do all of these. Here is where you do it from the main screen. Please review the time entered weekly.
You can click on the dates next to the employee to view the timecard detail. It is highly recommended you do this before approving timecards. You can edit the employee’s timecard from here, as well as approve. Review and approve or reject time on a weekly basis to ensure students are not going over the allowed hours they can work.

If you wish to add a comment, you must do it BEFORE you approve the timecard. If you forget, you will need to unapprove the timecard, make the comment and approve again. (Note: Your employee will get an e-mail when you unapprove the timecard, and again when you approve it.)
Another option is to click “Other Actions”; you can add comments and approve or reject from here.

After you click on “+ Additional Time” choose the description that matches the time you need to enter for the employee. Key in the hours on the date the leave was used. You will not be able to view the employee sick balance, but they are not allowed to enter more than they have.
After you add the additional time, if you need to remove it you can click on “Remove”.

Once you have approved the timecard, green “Approved” boxes will appear and you are done with the employee.

**Set up a Timecard Proxy Approver - Alternate Supervisor**

To access the employee proxy area in ESS, click on “Employee Proxy”.

---

Click “+ Add Time Approval Proxy”

---

Enter the name of the person you would like to approve your timecards and select their name from the list that pops up. Once selected click “Add Proxy”. The system is not date sensitive. Once you set up a proxy, it goes into effect immediately and stays on until you remove it.

Time History for Supervisor

Time History (Supervisor)

Here you can view paid timecards for the people you supervise.

Enter in the name of the employee you would like to view and execute the search.
Once you have found the employee you are looking for, select the pay period and specific dates you wish to view. To change to a previous year, click the blue drop down arrow next to the current year at the top of the screen. Click the blue “>” to navigate between pay periods. Expand the time card by clicking the date range on the right side of the screen.

Logging Off

You should always log off of ESS by exiting using the “SIGN-OUT” link as shown below.

Email Filter

You will be receiving emails when students submit and approve time. A great way to eliminate them from filling up your inbox is by creating a filter in gmail.

First create a new label, then select settings, filters and blocked addresses, then create a new filter.

Enter email address in From: no-reply-timecards@whitman.edu then create filter. Select skip inbox, select apply label and select the label that you created, then create filter. This should make it so any emails from no-reply-timecards@whitman.edu will go to the label you created and then you can go there to view them.
