

Whitman Alumni Survey: 2018-2020 Combined Report of One, Five, and Ten Years Out Graduates

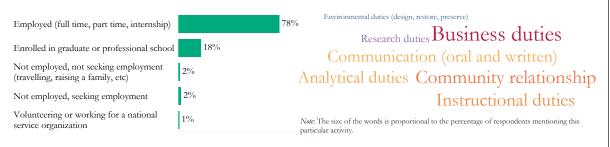

Education After Whitman

Data from the National Student Clearinghouse suggests that $\sim\!65\%$ of Whitman graduates eventually earn an additional degree. Below we report the degrees our alumni listed.

Current Primary Activity

The majority of respondents indicated that they are employed and have a full time, part-time, or an internship position. Also, they indicated in an open-ended question the description of their job duties.

Impactful activities at Whitman

Respondents were asked to describe the most significant and impactful activities in which they participated while attending Whitman. Below we report the main ones mentined by our alumni.

Employment (on-off campus)

Sports (Varsity, IM, Clubs) Faculty Residence life (Res Lif, RA, SA, Interest House) Volunteer WorkPeer Relationships Off-Campus Study (including Sem in the West)

Student Activities (Clubs, Music, Theater, Dance, ASWC)

Greek Life

Research (Senior Theses, Other Research)

General Academic (Coursework, etc.)

Outdoor Program (Scramble, other trips)

Note: The size of the words is proportional to the percentage of respondents mentioning this particular activity.

The "Gallup Big 6"

The Gallup-Purdue Index, through a study of 30,000 college graduates, identified six key elements of an undergraduate education that lead to graduates having a higher well-being and feeling more engaged in their work. Three of these relate to being supported at the institution (support statements) and the other three are about being active in campus experiences (experiential statements).

	Whitman	Gallup
Strongly Agree with all 6 statements	16%	3%
Strongly Agree with all 3 support statements	44%	14%
There was at least one faculty member who made me excited to learn	90%	63%
The faculty cared about me as a person	67%	27%
I had someone who I considered mentor	50%	22%
Strongly agree with all 3 experiential statements	21%	6%
I had a job or internship that allowed me to apply what I learned in the classroom	30%	29%
I was active in one or more co-curricular activities or organizations	59%	20%
I worked on at least one project that took the entire semester or longer to complete	70%	22%
