Information for Econ-Math Majors
Oral Exams

For the oral exam in Econ-Math, the mathematics portion of the exam has historically been done in either Probability and Statistics (Math 338) or Linear Algebra (Math 300), and Calculus. It usually takes approximately 25-30 minutes for this portion of the exam.

You may choose a mathematics professor for math portion of the exam, and have him/her schedule the specific time for the exam with Prof. Belay.
